105. OBSOLETE RESIDENTIAL SERVICES

FŌNCARD Services, Operator Services and Directory Assistance are available with all Obsolete Residential Services under the terms and conditions specified in Section 7 of this tariff. Calls placed using FŌNCARD Services and Operator Services are charged at the applicable rates for those services in lieu of the rates specified herein for Obsolete Residential Services, unless otherwise specified in the rates section for a particular Residential service.

Unless otherwise noted herein, Message Telecommunications Services (except SPRINT Service) are available only to a maximum of two residential phone lines, per location and calls are billed in one minute increments (fractional calls are rounded up to the next minute.)

105.1 Legacy Message Telecommunications Service (MTS)

Legacy Message Telecommunications Services are grandfathered by the Company as of April 29, 2006, and are only available to existing customers. Residential services available to new customers are located in Section 5 of this tariff.

105.1.1 SPRINT Service

SPRINT Service is an intercity service which is available for use by subscribers twenty-four (24) hours a day. The subscriber will use one or more of the three following dialing patterns to gain access to the Company's fiber optic network:

(1) In Feature Group D (FGD) exchanges, subscriber's telephone line(s) presubscribed to the Company are programmed by the local exchange company (LEC) to automatically route "1+" calls to the Company's network.

(2) Customers who have selected the Company as their "secondary" interexchange long distance carrier dial "1010XXX+" to access the Company's network. This dialing procedure would also be used by SPRINT Casual Caller customers (LEC billed).

(3) In some LATAs, in areas where equal access conversion has not yet occurred, some SPRINT Service subscribers dial an access number and authorization code to gain access to the Company's network.

105.1 Legacy Message Telecommunications Service (MTS) (Continued)

105.1.1 SPRINT Service (Continued)

Subscribers may originate and terminate SPRINT Service as described in Section 2 of this Tariff. In the event the Company determines that provision of SPRINT Dial-Up Service via a seven digit access number and authorization code imposes a significant risk of fraudulent use of its service, the Company, at its discretion, may choose not to process new orders for Dial-Up Service and/or may, after written notice, cancel existing subscribers' authorization codes. In such cases, the Company will continue to offer customers its "800" access FO NCARD Service. SPRINT DIAL "1" Service or the "1010XXX" access number will also be offered where equal access (FGD) is available. Subscribers who use SPRINT Dial-Up Service in conjunction with automatic dialing equipment may be exempted from this requirement when the Company determines that the likelihood of fraudulent use of the service using such equipment is not significant.

SPRINT Service is provided as the intrastate add-on service to interstate SPRINT Service and, accordingly, the SPRINT Service monthly recurring charge is located in the Company's interstate Residential Schedule No. 1 located at www.embarq.com/tariffs. Charges for SPRINT Service are based on the distance and duration of the call, and the rate period when the call is placed. If FGD Access and/or SPRINT Universal "800" Access is used, the distance will be measured from the rate center of the calling number as represented by the ANI to the rate center of the called number. If FGB Access (SPRINT Dial-Up via "950" number) is used, the distance will be measured from the rate center of the "tandem location" or network site to which the FGB circuit is connected. Per-minute usage rates for SPRINT Service are set forth below. Rate periods are set forth in Section 4.16 of this tariff.

SPRINT Service is an add-on to the Company's interstate offering and, accordingly, the SPRINT Service monthly recurring charge is located in the Company's interstate Residential Schedule located at www.embarq.com/tariffs.
