**STAFF'S RESPONSE TO REQUEST FOR FINANCIAL SCENARIO AND
IMPACT ON AVERAGE RESIDENTIAL CUSTOMER**

COMES NOW the Staff of the Missouri Public Service Commission (Staff) and for its response to the Commission's May 22, 2007 Order Requesting Revised Scenario (Order), states:

1. The Commission's May 22, 2007 Order directs the Staff to file a financial scenario describing the effect on AmerenUE's revenue requirement and resulting rates, in particular, the average residential customer, based on the Report and Order the Commission has issued based on the positions set out in the Order.

2. The Staff has calculated that the financial scenario results in a Missouri retail jurisdictional revenue requirement increase for AmerenUE of \$43,023,291. Attached is a two page document which shows that of this amount, \$27,797,926 goes to the residential class, pursuant to the customer class cost of service/rate design stipulation and agreement. This increase amounts to an increase in the monthly bill of the average residential customer of \$2.33 or an increase in the monthly bill of the average residential customer of 3.26%.

WHEREFORE the Staff submits the information that the Commission requested in its May 22, 2007 Order Requesting Revised Scenario.

Respectfully submitted,

/s/ Steven Dottheim
