NATURE OF GRIEVANCE

The Union charges the Company with a specific violation of Article(s) II, III AND XV
and any other provisions
of the Agreement that may be found to apply.

State what happened: AFTER refusing repeatedly to meet
with the Union to "work out" "among themselves" the
Union's safety concerns and the implementation of
AMR, the Company threatened to file suit against
the Union for alleged breach of Article XV of the
CBA. Such suit would not only violate Article XV,
but also the grievance/arbitration mechanism incorporate
in Articles II and III as the exclusive forum for
resolving disputes about application of the C.B.A.

Remedy: The Union demands that the Company cease and desist from violating the Labor Agreement, that the incident(s) be rectified, that proper compensation, including benefits and overtime, at the applicable rate of pay, be paid for all losses; and further that those affected be made whole in every respect.
