OF THE STATE OF MISSOURI

In the Matter of the Application of Kansas City)	
Power & Light Company for Approval to Make)	<u>Case No. ER-2007-0291</u>
Certain Changes in its Charges for Electric)	Tariff No. YE-2007-0541
Service to Implement Its Regulatory Plan)	

ORDER GRANTING INTERVENTION

Issue Date: March 13, 2007

Effective Date: March 13, 2007

On February 1, 2007, Kansas City Power & Light Company submitted to the Commission proposed tariff sheets intended to implement a general rate increase for electrical service provided in its Missouri service area. The Commission issued an Order and Notice on February 6, in which it gave interested parties until February 26 to request intervention.

On March 2, 2007, The United States Department of Energy – National Nuclear Security Administration asked to intervene out of time. Commission Rule 4 CSR 240-2.080(15) allows parties ten days to respond to motions. KCPL did not respond to this application. Therefore, the Commission will take it up unopposed.

Commission Rule 4 CSR 240-2.075(4) allows the Commission to grant intervention to a person who has an interest different from that of the general public and which may be adversely affected by a final order arising from the case, or if granting intervention would serve the public interest. Upon review of the unopposed application, the-Commission finds that the applicant meets the standard in Commission Rule 4 CSR 240-2.075(4). Therefore, the Commission will grant the above-mentioned application to intervene.

IT IS ORDERED THAT:

1. The application to intervene out of time filed by The United States Department of Energy – National Nuclear Security Administration is granted.
2. This order shall become effective on March 13, 2007.
