

**BEFORE THE PUBLIC SERVICE COMMISSION
OF THE STATE OF MISSOURI**

In the Matter of Union Electric Company)
d/b/a Ameren Missouri’s 4th Filing to)
Implement Regulatory Changes in Furtherance) File No. EO-2023-_____
of Energy Efficiency as allowed by MEEIA.)

NOTICE OF CASE FILING

COMES NOW Union Electric Company d/b/a Ameren Missouri (Ameren Missouri) and under 4 CSR 240-4.017(1), hereby files notice that it will make its filing for its Cycle 4 Missouri Energy Efficiency Investment Act ("MEEIA") submission on or after December 19, 2022, as follows:

1. 4 CSR 240-20.093 outlines the requirements for modifications of a utility's Demand Side Investment Mechanism (“DSIM”). 4 CSR 240-20.094 outlines the requirements for the submission of MEEIA programs by electric utilities in the state of Missouri. With the limited exception of certain long-lead projects,¹ Ameren Missouri’s current MEEIA Cycle 3, as modified, will terminate December 31, 2023.² Transitioning from MEEIA Cycle 3 to programming under MEEIA Cycle 4 will inherently require a modification to the existing DSIM. Therefore, Ameren Missouri provides notice that it will be submitting its MEEIA Cycle 4 filing, which will include modifications to its existing DSIM, no earlier than December 19, 2022, to allow sufficient time for approval before MEEIA Cycle 3's termination.

¹ Ameren Missouri anticipates additional discussions regarding implementing a Cycle 3 transition plan in the stakeholder process and the new plan will address the proposed transition plan. *See* Docket No. EO-2015-0055, *Stipulation and Agreement Regarding Cycle 2 Transition Plan for Certain Long-Lead Projects Under the MEEIA Cycle 2 Program*, filed June 29, 2017, and approved by the Commission on July 20, 2017.

² In this File, the Missouri Public Service Commission ("Commission") approved the extension of Cycle 3 until December 31, 2022, with the addition of a new Pay as You Save® (Pays®) program during 2022 in its Order Approving Stipulation and Agreements issued August 5, 2020, and approved the extension of Cycle 3 until December 31, 2022. The Commission approved the extension of Cycle 3 until December 31, 2023, in its Order Approving Stipulation and Agreement Regarding MEEIA Plan Year 2023, Approving Tariff Sheet and Granting Variances issued October 27, 2021.

2. The issues likely to be before the Commission are those outlined in 4 CSR 240-20.093 and 4 CSR 240-20.094, which include the scope of the programs and measures, funding levels, cost recovery mechanism(s) for program costs and lost revenues, incentives, use of a technical resource manual, waiver of certain regulation requirements, and other rate design issues.

3. Ameren Missouri has had no communications with the Office of the Commission (as defined in 4 CSR 240-4.015(10)) respecting its MEEIA Cycle 4 filing during the preceding 90 days.

Respectfully submitted,

/s/ Wendy K. Tatro
