FIRST SUPPLEMENT TO APPLICATION

COME NOW GTC Broadband, Inc. (GTC Broadband) and Stouffer Communications, Inc. (Stouffer)(together “the Joint Applicants”) and respectfully file this First Supplement to their Joint Application as requested by Staff and state to the Missouri Public Service Commission ("Commission") as follows:

1. Recently, the Commission Staff has begun requesting certain language addressing call termination issues to be included in applications for certificate of service authority. This language was inadvertently omitted from the Joint Application, so it will be set forth in this first supplement as follows:

Pursuant to 392.470.1 and 392.361.6, GTC Broadband, Inc. will undertake all necessary measures to ensure its contracts with underlying carriers do not contain provisions preventing delivery of traffic to any telephone exchange area of Missouri. Such measures include but are not limited to:

- Prevention of call blocking and/or call gapping based on the cost of traffic termination.
- Preventing the alteration or stripping of Calling Party Number identification.
- Ensuring sufficient network capacity exists to process all traffic according to industry accepted practices.

WHEREFORE, GTC Broadband and Stouffer Communications respectfully request that the Commission accept this First Supplement to Application.

Respectfully submitted,
