Secretary of the Commission:

Rex Deffenderfer Enterprises, Inc. requests an extension of the date for the filing of its annual report for its water operations from the due date of April 15<sup>th</sup> to June 15<sup>th</sup>, 2007.

The reasons for the above request are that I have four income tax-annual reports to file by April 15<sup>th</sup> and I have had to learn a new software program this past year. Also, with the loss of my husband who was the plant manager, I have had to do some of the work he did.

This past year we have elected to become an S Corporation with our accounting ending date on December 31<sup>st</sup>, the same as the Commission's. This has meant more work for me as far as filing income taxes are concerned for 2006, but in the future it will be easier for me to use the same information to file both the Commission's Annual Report and the corporation's. I am sure that next year, my annual report will be timely.

Thank you.
