ORDER DIRECTING RESPONSES

Issue Date: August 23, 2012

Effective Date: August 23, 2012

On August 21, 2012, the Commission's Staff filed a report and recommendation concerning this complaint. The procedural schedule allows the parties until September 18, 2012 to respond to Staff's report. There is one recommendation in the report that the Commission wishes to hear responses to sooner than this procedural deadline. Staff has recommended that the parties mediate this dispute. The Commission will direct the captioned litigants to respond to this recommendation sooner so sufficient time may be built into the current procedural schedule for either a technical conference or formal mediation.

THE COMMISSION ORDERS THAT:

1. Ag Processing, Inc. and KCP&L Greater Missouri Operations Company shall respond to Staff's recommendation regarding mediating this dispute no later than September 4, 2012.
