Re: Monthly Report
Case#: GC-2011-0232
Against: Missouri Gas Energy Co.
CC: Marc D. Poston
Deputy Public Counsel
Office of the Public Counsel
Date: September 8, 2011

In the hearing concerning myself and MGE, I was never made aware of the fact that I was to file a report at the end of each month to let you know that I would not be able to appear or be available for a evidential hearing. It was merely by sending some correspondence to Mr. Poston that I was made aware of this. I have been giving permission to fax this request by the supervisor of Debbie in the Data Center.

I have been away for my cancer treatments and only home until tomorrow. Due to the lack of gas here I can not stay in my home. I will be traveling back for another 6 weeks of Chemo Therapy. At least while there I do have access to gas to be able to bath, cook, do my laundry etc. Which is something that I do not have here in my own home due to MGE.

Also, when speaking to the MGE attorney, I was told that there was NO way that I would be able to sue MGE for anything they have wrongfully done to me. Which really sounds ridiculous to me. So, if not MGE, WHO, would I be suing for MGE's wrong doing? Saying that there were no monetary amounts of settlements that we could discuss. Which again was ridiculous

to me!!! So, naturally there was nothing more to discuss during our telephone conference call.

I would like some clear input on those statements please.

So, to my best estimate it will be around 29th of October before I will be able to be back in Belton, Missouri. Please be aware that this may be a cold time of the year and I CAN NOT stay in my home with NO heat/gas, to be able to cook and bath. I do have a place to stay where I'm receiving my Chemo Therapy. I will not subject myself to pneumonia trying to comply with redundant questions as I did last year.

Please accept this fax as complying with what was required of me. Now that I know I will make sure to stay in line with what is required of me.

Respectfully,
Janet Parks
