BEFORE THE PUBLIC SERVICE COMMISSION  
OF THE STATE OF MISSOURI

Janet Parks (Complainant) vs Missouri Gas Energy (Respondent)

File No. GC-2011-0232

December 31,  
2012

Hello Kim and HAPPY NEW YEAR! I am in remission, released from my treatments and back in the Kansas City area. I still don't have a place to go home to due to the cold weather and no gas on at my home. I am now living from place to place with relatives and friends.

I have been contacting attorneys to represent me in all of this. Due to the holidays, I haven't been able to secure an appointment with one. I'm sure that things should be getting back to normal and I will be getting some call backs. I am asking that I am given a continuance to be able to meet with attorneys to find the one that will best represent me.

None of this has been easy for me by not being home and having the priority of fighting for my life. I had some very low times as far as my health was concern. But by the grace of God I'm still here. Here and ready to put my life back in order by first of all returning to my own home rather than going from place to place like a homeless person. I want to sleep in my own bed rather than a friend or relatives sofa.

This is the last continuance that I expect to ask for. So, please allow this one. I will have an attorney to contact you with our intentions. Until that time I continue representing myself and will stay in touch. Hopefully, I will have an attorney within a week or two.

Thank you very much,
