PROCEEDINGS

2	JUDGE WOODRUFF: Good afternoon, everyone.
3	Welcome to the local public hearing. My name is
4	Morris Woodruff. I'm the regulatory law judge for
5	the commission and I'll be presiding today. With me
6	on my right here is Commissioner Connie Murray, one
7	of the commissioners, as has been explained to you
8	by Mr. Ochoa. And we're here for a local public
9	hearing. This is Case Number GR-2004-0209, which
10	concerns Missouri Gas Energy's tariff to implement a
11	general rate increase.
12	We're here to take comments as has been
13	indicated. It will all be recorded by the court
14	reporter and a transcript will be made so that the
15	other commissioners who aren't here today will have
16	a chance to review that. I'll ask you when you
17	testify to come on up and sit at the witness chair
18	over here and I'll swear you in just like on TV so
19	we have a good record of your testimony. We'll
20	begin by actually taking I'll ask the attorneys
21	who are here to enter their appearance and we'll
22	start with that and begin with Missouri Gas Energy.
23	MR. HACK: Robert Hack appearing for
24	Missouri Gas Energy.
25	JUDGE WOODRUFF: And for the staff.

1	MR. FRANSON: Robert Franson appearing for
2	the staff of the Public Service Commission.
3	JUDGE WOODRUFF: And for public counsel.
4	MR. MICHEEL: Douglas E. Micheel,
5	M-i-c-h-e-e-l, appearing on behalf of the Office of
6	the Public Counsel.
7	JUDGE WOODRUFF: Any other parties here?
8	MR. FINNEGAN: Yes. Jeremiah Finnegan
9	appearing on behalf of Jackson County. And we'd
10	like to on behalf of Jackson County, the county
11	executive, Katherine Shields, and county legislature
12	would like to welcome the commissioner to Jackson
13	County for the two hearings you're going to have
14	here today, so thank you.
15	JUDGE WOODRUFF: Thank you very much. All
16	right. I've got a list of witnesses here. We've
17	got several names. I'm going to call you up, swear
18	you in, you're going to give your testimony and then
19	I'm going to give the attorneys a chance well,
20	first of all, I'll give Commissioner Murray a chance
21	to ask you questions also if she has any questions
22	to follow up on. I'll give the attorneys a chance
23	to ask questions as well. That's not to be
24	confrontational, just if they have any questions as
25	to any details of what you've told us they can

follow up on that and we'll be done.

2	Let's go with the first name. It looks like
3	it's William Pierce. Do you want to come up, Mr.
4	Pierce. If you'd please raise your right hand. Be
5	seated first if you want to be.
6	MR. PIERCE: That's all right. I just
7	sit that tank down.
8	WILLIAM PIERCE,
9	being first duly sworn, was examined and testified
10	as follows:
11	JUDGE WOODRUFF: You may be seated and
12	could you tell us your name.
13	MR. PIERCE: William Pierce.
14	JUDGE WOODRUFF: And you live here in Blue
15	Springs?
16	MR. PIERCE: I live in Blue Springs, yes.
17	Have for 27 years.
18	JUDGE WOODRUFF: What would you like to
19	tell us?
20	MR. PIERCE: Well, there's two points I
21	would like to make or at least question. In the
22	proposal, it states the proposed rate structure
23	would help stabilize bills for customers by
24	significantly reducing the impact of weather-related
25	fluctuations during the winter and by reducing the

1	difference between summer and winter bills and I'm
2	puzzled as to how something like this can stabilize
3	bills, which are dependent entirely on the weather.
4	I don't see how, for example, a residential increase
5	of \$6.50 is going to stabilize my bill between
6	winter and summer. And I might say, I'm on the
7	level pay, so I won't see that kind of impact
8	anyway, but I'm sure everybody who is not on level
9	pay is really not going to see much of a
10	stabilization, at least as I can see it.
11	The second question I have is the amount we're
12	talking about is what, some 44 million? And I think
13	we all know that Missouri Gas Energy is owned by
14	Southern Union and Southern Union recently showed
15	what they call a quarter earning, three-month
16	earnings for the period ending December 31st of
17	2003 of 34-1/2 million approximately or 47 cents a
18	share, which in effect was up some almost triple
19	what it had been a year before.
20	At the same time, they're saying the firm plans
21	to remain on plan to deliver fiscal 2004 earnings of
22	\$1.28 to \$1.43 a share, which in effect is almost
23	another tripling amount or somewhere in the area of
24	\$102 million. I just wonder how much of the
25	44 million we're talking about here that Missouri

1	Gas Energy wants is going to be part of this
2	dividend that Southern Union is seeking? That's all
3	I have.
4	JUDGE WOODRUFF: All right. Thank you.
5	Commissioner, do you have any questions?
6	COMMISSIONER MURRAY: I don't have any
7	questions, but I'd like to encourage you if you'd
8	like to get your questions answered while you're
9	here today, you might talk to either a
10	representative of the company that's here and they
11	have at least a couple of representatives here, as
12	well as members of our staff or the Office of Public
13	Counsel. And you might get some of your questions
14	answered before you leave today.
15	JUDGE WOODRUFF: All right. Is that
16	company has no questions. Staff?
17	MR. FRANSON: No questions, your Honor.
18	JUDGE WOODRUFF: Of the counsel?
19	MR. MICHEEL: No questions, your Honor.
20	JUDGE WOODRUFF: Mr. Finnegan?
21	MR. FINNEGAN: No questions.
22	JUDGE WOODRUFF: All right. Thank you.
23	You may step down, sir.
24	MR. PIERCE: Thank you.
25	JUDGE WOODRUFF: The next name on the list

1 is Leland Mardis.

2	MR. MARDIS: Yes. I have nothing to add
3	after the question and answer session.
4	JUDGE WOODRUFF: Okay. Next name then is
5	Richard Franklin.
6	MR. FRANKLIN: I have no testimony. I'm
7	just an observer. I'm glad it wasn't a list to
8	volunteer for duty in Iraq or something.
9	JUDGE WOODRUFF: All right. Very well.
10	Bob Painter.
11	BOB PAINTER,
12	being first duly sworn, was examined and testified
13	as follows:
14	JUDGE WOODRUFF: You may be seated and
15	tell us your name.
16	MR. PAINTER: My name is Bob Painter. I'm
17	with the Missouri Department of Natural Resources
18	Energy Center in Jefferson City. I'm located in
19	Kansas City. I'm here to just make a comment. You
20	may or may not know that the Energy Center is
21	working as a goal to create efficiencies, to
22	moderate bills, to preserve our natural resources,
23	which in effect moderates those charges that come
2.4	from the bills that are generated. And I wanted to
25	make a point that several companies including a few

1	in the Kansas City area, have come forward to
2	support the Energy Center by helping us work with
3	Energy Star and weatherization programs to promote
4	those efficiencies.
5	The Energy Star program is a Department of
6	Energy program that, as you've probably seen in all
7	your different devices, that shows that devices are
8	more efficient or processes are more efficient and
9	that's something that we encourage corporate
10	partners to help us do to get the message across to
11	the public. We're not experts in any kind of rate
12	case. We just want to come forward and say that
13	Missouri Gas Energy is one of those people who have
14	come forward.
15	JUDGE WOODRUFF: Commissioner Murray?
16	COMMISSIONER MURRAY: No questions. Just
17	a comment. We appreciate the work you do as well.
18	Thank you.
19	JUDGE WOODRUFF: Company have any
20	questions?
21	MR. HACK: No, sir, thank you.
22	JUDGE WOODRUFF: Staff?
23	MR. FRANSON: No, your Honor.
24	JUDGE WOODRUFF: Public counsel?
25	MR. MICHEEL: Not until the hearing.

1	JUDGE WOODRUFF: All right. Mr. Finnegan?
2	MR. FINNEGAN: Just one question. Did you
3	say that MGE is a member of the Energy Star?
4	MR. PAINTER: We have a task force that is
5	working to design programs to do home energy audits,
6	which is part of the weatherization it's kind of
7	adjoined to the weatherization program. The
8	weatherization program is a different funded
9	program, but we will use this Energy Star program to
10	weatherize homes across all different brackets of
11	incomes to create efficiency. And the various
12	utilities, MGE being one of them, has come forward
13	to help us do that.
14	MR. FINNEGAN: Thank you.
15	JUDGE WOODRUFF: All right. Thank you,
16	Mr. Painter. You may step down. Next name on the
17	list is Ed Krawczyk.
18	MR. KRAWCZYK: Krawczyk.
19	JUDGE WOODRUFF: Krawczyk. I was pretty
20	close.
21	MR. KRAWCZYK: Not bad.
22	EDWARD KRAWCZYK,
23	being first duly sworn, was examined and testified
24	as follows:

JUDGE WOODRUFF: You may be seated. And

1	if yo	u'd	tell	us	your	name	and	you	might	want	to
2	spell	it	for	the	court	repo	ortei	ĵ.			

MR. KRAWCZYK: My name is Edward Krawczyk,
K-r-a-w-c-z-y-k. I've been an employee of the gas
service company, KPL Gas Service and Missouri Gas
Energy now for over 30 years now. I'm currently a
welder and I've been welding for them for about 17
years. I'm also the union president with United
Steel Workers of America Local 12561 and I represent
about a hundred members that work out of the Lee's
Summit, Missouri and Warrensburg, Missouri service
center. And we service just about all towns that
are probably east and south of Kansas City. We've
got a few customers in Kansas City, but most of them
are the Lee's Summit, Independence and outer areas
like that. And I'm also a Missouri Gas Energy
customer.

As a welder for Missouri Gas Energy, I have the opportunity to see firsthand construction expenses, like the safety line replacement program, the relocation of gas lines due to public improvements and also new construction costs. What I was doing this morning was welding up on a 6-inch steel gas line. That gas line has to be moved because of a public improvement project and that's not just one

9

18

19

20

21

22

23

24

25

1	that we've moved on this one project in
2	Independence. This is the fourth time we've had to
3	move that 6-inch steel line and Missouri Gas Energy
4	bears that cost.

In my job as a union representative, I have the opportunity to see firsthand MGE's expenses that relate to wages, health care, employee training and employee benefits. These are expenses that are necessary to keep a well-trained work force. We've formed a partnership, kind of a union labor, a union company partnership and we meet on -- well, just about monthly and we look over costs. We know that controlling costs and benefits and everything without cutting the benefit is very important, especially health care right now. We've also met and negotiated a contract that's six months early and it's a five-year labor agreement because we know, and it's important to a company to be able to know what their expenses are down the road. And we did that in November and it doesn't even come into effect until May the 1st.

As a customer of Missouri Gas Energy, I have natural gas delivered to my door that heats my house, heats my water, dries my clothes and helps cook my food. My last gas bill was \$158.96. If you

1	subtract the taxes, the amount that MGE received was
2	\$143.23. That's only \$4.93 a day to provide these
3	services. And keep in mind, too, that's not a
4	delivery charge. Missouri Gas Energy then has to
5	turn around and pay for the gas that I've burned for
6	that day. In closing, I'd just like to say over the
7	last three years, Missouri Gas Energy has spent
8	nearly \$55 million in improvements and expenses like
9	I just mentioned and in light of these facts, I
10	support the proposed rate request by Missouri Gas
11	Energy.
12	JUDGE WOODRUFF: Thank you. Commissioner
13	Murray?
14	COMMISSIONER MURRAY: No questions. Thank
15	you.
16	JUDGE WOODRUFF: Mr. Hack?
17	MR. HACK: No. Thank you.
18	JUDGE WOODRUFF: Staff?
19	MR. FRANSON: No questions, your Honor.
20	JUDGE WOODRUFF: Public counsel?
21	MR. MICHEEL: No.
22	JUDGE WOODRUFF: Mr. Finnegan?
23	MR. FINNEGAN: No questions.
24	JUDGE WOODRUFF: All right. Thank you.
25	You may sten down Next name on the list is Harry

1	Keller.
2	MR. KELLER: I have nothing to say. It
3	wouldn't do any good.
4	JUDGE WOODRUFF: Cotton Sivils.
5	COTTON SIVILS,
6	being first duly sworn, was examined and testified
7	as follows:
8	JUDGE WOODRUFF: You may be seated and
9	tell us your name.
10	MR. SIVILS: My name is Cotton Sivils. I
11	represent a group called Hillcrest Ministries. We
12	are a not-for-profit organization in eastern Jackson
13	County. We provide transitional housing services
14	for homeless families. I'm here to echo some of Mr.
15	Painter's comments about MGE's responsiveness and
16	dedication to being involved in the communities that
17	they serve.
18	I've been in this position for about the last
19	year and my experience with MGE has been that they
20	have been supportive of the work that we do and that
21	they have been very helpful in connecting me with
22	resources that exist in eastern Jackson County,
23	particularly in terms of helping me become more
24	familiar with the community. They've made modest
25	donations to our organization to help us with the

1	work that we do and I think that's pretty much to				
2	the degree that they are I'm certainly no expert				
3	in rate design or anything like that, but to the				
4	degree that they are successful in their endeavors,				
5	it also helps my organization, however modest that				
6	is, to be successful in what we do.				
7	JUDGE WOODRUFF: Commissioner Murray?				
8	COMMISSIONER MURRAY: How long did you say				
9	you've been in your position?				
10	MR. SIVILS: Past year.				
11	COMMISSIONER MURRAY: And did you have a				
12	similar position or do similar work prior to this?				
13	MR. SIVILS: The work that I did prior to				
14	that is I was a grant maker, so I was the one that				
15	people sent the letters to.				
16	COMMISSIONER MURRAY: Thank you.				
17	JUDGE WOODRUFF: Mr. Hack?				
18	MR. HACK: No. Thank you, sir.				
19	JUDGE WOODRUFF: Staff?				
20	MR. FRANSON: No questions, your Honor.				
21	JUDGE WOODRUFF: Public counsel?				
22	MR. MICHEEL: Do you have an idea of				
23	whether or not the rate increase is going to help or				
24	hurt your constituents, if indeed the commission				
25	grants the full rate increase?				

1	MR. SIVILS: I'm really not familiar
2	enough to speak to that question. Like most I am
3	relatively familiar with the challenges that low
4	income folks face in terms of cuts to LIHEAP funding
5	and that sort of thing. There never seems to be
6	enough resource to go around for low income folks to
7	be able to meet their obligations along those lines.
8	It's a problem, I think, that doesn't have a clear
9	solution at this point.
10	JUDGE WOODRUFF: Thank you. Mr. Finnegan?
11	MR. FINNEGAN: No questions.
12	JUDGE WOODRUFF: You may step down.
13	MR. SIVILS: Thank you.
14	JUDGE WOODRUFF: Next name on the list is
15	Charles Cooper.
16	CHARLES COOPER,
17	being first duly sworn, was examined and testified
18	as follows:
19	JUDGE WOODRUFF: You may be seated. Tell
20	us your name.
21	MR. COOPER: Charles Cooper. And I have
22	rental property in Independence, 413 North Liberty,
23	and I'm speaking in behalf of 6 tenants that reside
24	in those apartments that are all seniors, ranging in
25	age from 73 to 96, fixed incomes. And that's

1

25

basically one of my aspects of my comments today.

2	The second one would be more personal. But the rate
3	increase is going to significantly affect those
4	fixed income folks that have asked me to speak on
5	their behalf and a retired school teacher, a
6	96-year-old, all the way down to a cancer victim
7	right now that's fighting cancer and she's wondering
8	where her next paycheck's going to come from to be
9	able to pay the chemotherapy she's had to go
10	through. It's been a real ordeal.
11	And to be quite honest with you, I'm not
12	receiving the rent rate in comparison to what other
13	apartment complexes are in that area. And I've been
14	very kind and generous, I think, in that aspect and
15	I've actually bore the brunt because of that very
16	factor. And to be quite honest with you, I've owned
17	the apartment complex six years and I have never
18	raised the rates on three of those six people for
19	that very reason on that fixed income.
20	The second aspect I'd like to address today is
21	I've been also have rental property in Raytown,
22	of which I have been attempting to get the gas
23	service turned on last November. It so happened I
24	learned in November, around December I should say,

that a former tenant had accrued gas expense

unbeknownst to me. I wanted to get the gas turned

1

25

```
on for the simple reason there was exposed pipes and
          I was afraid they might freeze. I talked to the
 3
          customer service people at MGE with no satisfaction.
          I talked to three different people, no satisfaction.
          I took the next step to go to the Public Service
          Commission to file a complaint.
               And at this point in time, that is pending
 9
          litigation or pending issues to deal with and to be
10
          quite honest with you, I've been what I'd consider
11
          treated rather crudely and my point, I think, also
12
          here, if there was a pending bill outstanding, why
13
          did not MGE make a more concerted effort to try to
14
          find out who was the responsible party for it? But
15
          I, being the landlord, am the one who is bearing the
          brunt of this. Now, that's the big issue right
16
          there and really that's all I have to say at this
17
          point in time because there's still pending
18
19
          litigation.
                    JUDGE WOODRUFF: Commissioner Murray?
20
                    COMMISSIONER MURRAY: I have no questions.
21
22
          Thank you.
23
                    JUDGE WOODRUFF: Mr. Hack, do you have any
24
          questions?
```

MR. HACK: I just wanted to clarify with

1 Mr. Cooper that that is in fact a formal complaint

2	that is a dispute between yourself and our company
3	at this time pending before the
4	MR. COOPER: And I'm really disappointed
5	that we couldn't resolve this much simpler than what
6	we have, but you're going to make a point in your
7	aspect and a \$760 gas bill I don't know what your
8	accounts receivable people I never received the
9	bill, never received notice. I never even knew
10	there was an outstanding gas bill 'til I made
11	application for the service and that's kind of the
12	grudge with me.
13	MR. HACK: Yeah, I understand.
14	MR. COOPER: Well, if you understand it,
15	then I think you should be a little more
16	understanding for it.
17	JUDGE WOODRUFF: Staff questions?
18	MR. FRANSON: No, your Honor.
19	JUDGE WOODRUFF: Public counsel?
20	MR. MICHEEL: No at this time.
21	JUDGE WOODRUFF: Mr. Finnegan?
22	MR. FINNEGAN: No.
23	JUDGE WOODRUFF: Thank you, Mr. Cooper.
24	That's the last name on the sign-up list. Is there
25	anyone else here who would like to testify that

1	didn't get a chance to sign the list? All right
2	then. Commissioner Murray, any final comments?
3	COMMISSIONER MURRAY: Thank you for being
4	here. We appreciate your comments and the other
5	commissioners who were not able to be here today
6	will certainly read the transcript. Thank you.
7	JUDGE WOODRUFF: Thank you. And with that
8	we're adjourned.
