Parks
Complainant

Janet

vs.

Missouri Gas

Energy
Respondent

File No. GC-2011-0232

I'm sorry that I don't have better news about Ms. Parks health. She is not in a position to contact you at this moment herself or return to Belton to be able to address issues concerning MGE at this time. Her line of thought has been to contact an attorney to represent her and needs information as to the type of attorney that is needed to handle this type of situation. If you can supply us with information concerning this, it would greatly be appreciated. Therefore again a continuance is being requested.

Thank you.
