Dear Sir,

I am writing you concerning  
my COS - Community Option Service  
Telephone from Nixing to Kibsvill, which  
be discontinued in March 98.

Please help us keep this service, I &  
the elderly people like me, that are on a  
limited income need this special rate.  
am 90 years old and my daughter and  
grand daughter live in Kibsvill. I need  
call them often, which I will not be able  
to do when they discontinue COS.

Thank you for your help in  
this matter, to keep this service.

Sincerely

I am writing in regard to the COS and Internet issues. As I gathered at a November 12 meeting on COS (sponsored by Senator Mathewson and held in Marshall), telephone companies are required to offer COS and they generally lose money doing so. While the service is a useful one to many rural residents, I don't think the companies should have to provide the service below cost.

However, many rural residents have become dependent on a low-cost COS, and it would be a hardship on these people to discontinue the service with no alternative. As I understand it, two-way toll-free calling (as provided by COS) is not feasible in the new competitive environment. But for those on the Internet, worldwide two-way toll-free calling is now a reality. The cost of the equipment necessary to access the Internet is falling, and the necessity to have Internet access is increasing. Therefore, I suggest that part of the solution to the COS problem is to ensure that all citizens have toll-free access to the Internet before discontinuing COS.

DEAR SIR,

I NEED THE COS CALLING PLAN IN CENTRALIA TO REMAIN IN AFFECT. PLEASE KEEP THIS SERVICE OPEN BETWEEN COLUMBIA AND CENTRALIA. I HAVE RELATIVES IN CENTRALIA THAT I CALL DAILY. I ALSO CALL BUSINESSES IN CENTRALIA WITH THE COS NUMBERS, FOR I GET GOOD SERVICES AND REASONABLE PRICES IN CENTRALIA. ALSO I CALL CENTRALIA FOR PROFESSIONAL ADVICE. PLEASE KEEP THIS SERVICE AVAILABLE AND OPEN TO CENTRALIA.

TO WHOM IT MAY CONCERN:

I am a COS participant. I live north east of Centralia but I work in Columbia. I am on call for my job plus I have my computer hooked up so I can work at home on occasion when I can't get to work. Also my children and grand children live in Columbia and it helps on their phone bill when they call me. So I would hate to see the COS go away unless there will be an alternative. We have been using the COS for several years now. I only had my computer hooked up a few months ago. So if possible I would very much like to see the COS stay.

DEAR SIR,

WE WANT TO EXPRESS OUR GREAT DESIRE AND NEED FOR THE COS (COMMUNITY OPTIONAL SERVICE) PLAN. PLEASE DO EVERYTHING POSSIBLE TO ALLOW THIS SERVICE TO REMAIN AS IT IS NOW. I LIVE IN CENTRALIA AND AM SELF-EMPLOYED IN COLUMBIA AND COS IS GREATLY NEEDED AND USED IN MY BUSINESS. IT IS A VALUABLE LINK TO MY CUSTOMERS AND OTHER PROFESSIONALS. I FREQUENTLY CALL CENTRALIA BUSINESSES WITH COS NUMBERS FROM COLUMBIA AND FROM COLUMBIA MY CUSTOMERS REACH ME IN CENTRALIA AND I REACH THEM. ALSO I MAKE FREQUENT PERSONAL CALLS TO FAMILY AND FRIENDS. WITHOUT THIS SERVICE I WOULD BE "CUT OFF" FROM FAMILY, FRIENDS, AND CUSTOMERS. THE ADDED EXPENSE OF PAYING FOR ALL OF MY FREQUENT LONG DISTANCE CALLS BETWEEN COLUMBIA AND CENTRALIA WOULD BE A REAL HARDSHIP FOR ME. PLEASE DO EVERYTHING TO CONTINUE THE COS SERVICE!!! THANK YOU VERY MUCH.

Dear Sirs:

I am writing to express my concern over the recent news that Centralia citizens will lose the COS (Community Optional Service) phone option.

Our family greatly benefits from this reduction in our phone bill. We use the plan for many routine calls to Columbia and more importantly, we use the plan each day that my husband works. James is a Columbia firefighter and works a 24 hour shift. Being able to communicate on the telephone helps us keep in touch despite a sometimes difficult schedule.

This plan saves us hundreds of dollars.

Please support us in our desire to maintain the COS.

Sincerely,

Re: Community Option Service (COS)

Dear Sir or Madam:

We are writing in support of the Community Option Service that we now participate in with our local telephone company. We have only lived in the Centuria Area for 1 1/2 yrs moving here from Columbia. The COS option was one of the reasons for our decision to move here as we make 75% of our telephone calls to Columbia & its vicinity.

In 1998 we will be starting a Construction Company. As of now we are in the process of having it located in Centuria but we will definitely reconsider opening it in Columbia if we lose this option as our telephone calls will definitely be made.

Page 2

Please take another look at keeping  
the CAS option open for this Community.  
It has been a great saving for  
us and it is a definite plus for  
Central's growth.

Dear Sirs:

I am currently a resident of the City of Centralia and am a COS user. I am concerned about the impact of the withdrawal of this service on our community. Over one-third of all GTE customers in Centralia subscribe to COS.

Many residents go to doctors in Columbia and since this is a two way service the doctor's office can also call Centralia without a long distance charge. Also, when a family member is hospitalized families are able to keep in touch and to talk to the doctors. I think it should be noted that residents of Columbia and Hallsville also benefit from the COS calling and this should be taken into account.

Many residents work in Columbia or have spouses who work in Columbia and are able to contact each other or children without a long distance charge.

It is important that if COS is not available to us a cost-effective alternative must be made available.

Thank you for your consideration of this matter.

Dear Mr. Chairman:

Please be advised that we, the Putnam County Commission, would like to express our concern over the recent decision to discontinue the C.O.S. in our area. Putnam County is a rural community located in Northern Missouri and C.O.S. was of great advantage to us. We feel we have once again been discriminated against because we are not a large metropolitan area.

On behalf of the many Putnam Countians who benefited from this service, we ask you please reconsider this decision.

Dear Mr. Wright,

In regards to the elimination of COS in rural Missouri. Are there any new options available to us? There are still some areas with rotary dials and party lines! The high cost of long distance, especially in state, will drive many small businesses to bankruptcy. And those who were planning on a business in rural Missouri may decide to go elsewhere. I feel that the little people are not being considered. We are involved in new technology and enjoy it, why are we the ones being penalized?

Sincerely,

November 10, 1997

Dear Sirs:

I recently became aware through an editorial in the local newspaper that our phone service will be changing. The Community Optional Service Plan, (COS) will be discontinued (excluding St. Louis, Kansas City and Springfield) as of March 31, 1998.

This service allows those of us in rural areas to make unlimited calls to one designated town for a set monthly fee. It also allows anyone in that town to call the COS customer at no charge.

My husband and I are elderly, live on a farm and no longer drive. This service is invaluable to us as nearly all of our calls for doctor appointments, repairs, veterinary services and contact with our children would be toll calls without this service.

As of this time, our phone company has not notified us of this ruling. However, I have contacted the Missouri Public Service Commission and they verified the ruling.

I would very much appreciate it if you would check into this matter to see if any action can be taken to reverse this ruling.

If you need any further information that I could provide, please contact me at (660) 332-7915. Thank you very much for your time and consideration of this matter.

Please Reconsider and change your ruling concerning the discontinuation of Community Option Service (COS) for our telephone.

We are a bedroom community where people own property and live, but work and do business in Kirksville. It is essential that we have access to medical, financial, educational, and cultural information from Kirksville. Please do not deny these basic needs to us, by taking away the COS service.

I would like to voice my concern about removing the Community Optional Service on our telephones.

I currently subscribe to this service; since I am in a rural area, I feel we need this very badly. Many people will be affected by this change. My parents are 81 and 86 years of age. They live in the country & use this service frequently for doctor calls.

Please consider the concerns of rural Missouri when you address this matter.

## TO: MISSOURI PUBLIC SERVICE COMMISSION

FROM: REPRESENTATIVE T. MARK ELLIOTT AND  
RESIDENTS OF SOUTHWEST MISSOURI

Based on the fact the MISSOURI PUBLIC SERVICE COMMISSION has ordered the elimination of the Community Optional Service (COS) not later than March 31, 1998, I hereby affix my signature below requesting that the Missouri Public Service Commission **GUARANTEES** that 2 or more service providers will be available to me in my area, by the effective March 31, 1998. If there are not 2 or more service providers available in my area providing an adequate alternative plan, I request that the Missouri Public Service Commission does not allow the elimination of the Community Optional Service (COS) that is presently offered.

Mr. T. Mark Elliott  
State Representative

Dear Mr. Elliott,

As you know, the Carl Junction R-1 School District takes in several rural areas outside the community of Carl Junction. Today, it was brought to my attention that the COS program that is now available to the residents of the Asbury area may be terminated. As a school administrator, I am concerned about the possible impact this could have on our educational program.

In my opinion, for an educational program to be successful, on-going and open communication between the teacher, the student, and the parent needs to exist. My concern is that I feel this communication will be hampered if the COS program is eliminated. All families are struggling to make ends meet. If the cost of calling the school goes up, many of our families will choose not to call.

I appreciate you taking the time to consider this matter. Any assistance you can provide in preventing this from happening, would be greatly appreciated.

Sincerely,

Dr. Glenn Coltharp  
Superintendent of Schools

## SW Bell warns of irregularities

The Associated Press

OKLAHOMA CITY — Increased competition among telecommunications companies has bred a new problem, "cramming,"

Cramming has become more common in recent months and often involves items such as prepaid calling

cards or personal toll-free numbers, Southwestern Bell Telephone Co. said.

With cramming, companies bill people for products or services they haven't ordered or may not have received.

With new telecommunications providers and new services, this

should be an exciting time for consumers, Cliff Eason, president and CEO, said. But the opportunity for

fair competition among providers and full choice by consumers will not be fully realized until stronger rules and penalties are enacted across the country to punish the few rogue providers who give the entire industry a bad name.
