COMMISSION**

DATE: NOVEMBER 12, 1997

Based on the fact that the MISSOURI PUBLIC SERVICE COMMISSION has ordered the elimination of the Community Optional Service (COS) not later than March 31, 1998, I hereby affix my signature below requesting that the Missouri Public Service Commission **GUARANTEES** that 2 or more service providers will be available to me, in my area, by the effective date of March 31, 1998. If there are not 2 or more service providers available in my area providing an adequate alternative plan, I request that the Missouri Public Service Commission does not allow the elimination of the Community Optional Service (COS) that is presently offered.

TO: MISSOURI PUBLIC SERVICE COMMISSION

DATE: NOVEMBER 12, 1997

Based on the fact the MISSOURI PUBLIC SERVICE COMMISSION has ordered the elimination of the Community Optional Service (COS) not later than March 31, 1998, I hereby affix my signature below requesting that the Missouri Public Service Commission **GUARANTEES** that 2 or more service providers will be available to me in my area, by the effective March 31, 1998. If there are not 2 or more service providers available in my area providing an adequate alternative plan, I request that the Missouri Public Service Commission does not allow the elimination of the Community Optional Service (COS) that is presently offered.

I support the continuation of the availability of COS for residents in Centralia, Sturgeon and Clark because of the overall economic impact on these communities. Over a third of all GTE phone customers in my city subscribe to COS. If COS is not available for calls to and from Columbia the economic impact on the business community and citizens of this area must be addressed. A reasonable flat charge alternative should be made available.

I support the continuation of the availability of COS for residents in Centralia, Sturgeon and Clark because of the overall economic impact on these communities. Over a third of all GTE phone customers in my city subscribe to COS. If COS is not available for calls to and from Columbia the economic impact on the business community and citizens of this area must be addressed. A reasonable flat charge alternative should be made available.

I support the continuation of the availability of COS for residents in Centralia, Sturgeon and Clark because of the overall economic impact on these communities. Over a third of all GTE phone customers in my city subscribe to COS. If COS is not available for calls to and from Columbia the economic impact on the business community and citizens of this area must be addressed. A reasonable flat charge alternative should be made available.
