Profiles of Additional Key Management Employees

September 24, 2009

James Kinnett
Vice President of Operations and Business Development

James Kinnett is Vice President of Operations and Business Development for Cincinnati Bell Any Distance Inc. Mr. Kinnett is responsible for developing new markets including the coordination of regulatory, engineering and physical plant design, and sales.

Prior to joining Cincinnati Bell in 2008, Mr. Kinnett was a principal at Egix, Inc, a competitive local exchange and long distance services provider including IP based services in Carmel, Indiana. Mr. Kinnett served in various capacities at Egix, including Vice President of Operations, and was Chief Operating Officer for over 10 years. He was responsible for all aspects of the company's operations, engineering and network design.

Mr. Kinnett attended Indiana University.

Charles R. Burke
Vice President, Information Technology

Charles (Chip) Burke is Vice President of Information Technology at Cincinnati Bell. He is responsible for Information Technology strategy planning, development and operations for CBT, CBAD, CBW, FUSE and Zoomtown.

Mr. Burke has been employed at Cincinnati Bell since 1978 and has held many positions, primarily focused on Information Technology. He was responsible for planning and execution of IT efforts for the launch of Cincinnati Bell's post paid and pre-paid wireless businesses and Cincinnati Bell's long distance business. Mr. Burke led several major ordering and billing projects for Cincinnati Bell Telephone and directed projects to consolidate billing for multiple lines of business on a single bill. Earlier in his career, Mr. Burke led projects to implement improved purchasing, inventory, accounts, payroll and human resource systems. While working for Cincinnati Bell Information Systems, he prepared bids and consulted on projects for British Telecom, AT&T and other companies.

In addition to his work with Cincinnati Bell, Mr. Burke is a member of the Greater Cincinnati CIO Roundtable, serves on the Advisory Board of Information Systems, College of Business at Northern Kentucky University, and serves on the MIS Advisory Board at Xavier University, and Miami University.

Mr. Burke is a native of greater Cincinnati and earned a Bachelor of Science degree in Systems Analysis (minor in Accounting) from Miami University, and a Master of Business Administration Degree with a double major in Management and Marketing from the University of Cincinnati.

Mr. Burke and his wife Laurie reside in Anderson Township, Ohio, and have four children.
