**ORDER DIRECTING FILING**

Issue Date: September 30, 2005

Effective Date: September 30, 2005

Ironhorse, LLC, has filed an application for authority to provide basic local telecommunications services. As required by Section 392.455(4), RSMo (Cum Supp 2005), providers of basic local service must offer such services as a separate and distinct service. Historically, a statement to this effect by the applicant seeking to provide basic local service has satisfied this requirement. In its Memorandum, the Staff of the Commission indicated that Ironhorse has provided a statement that it will offer basic local service as a separate and distinct service. However, the Commission is unable to identify such a statement in Ironhorse's pleadings and will require Staff to file a pleading noting where Ironhorse has made this statement. If, in fact, Ironhorse has not filed such a statement, the Commission will require that Ironhorse do so.

**IT IS THEREFORE ORDERED:**

1. That the Staff of the Commission shall file a pleading no later than October 7, 2005, stating where in Ironhorse, LLC's pleadings the company has stated that it will provide basic local service as a separate and distinct service.

2. That if Ironhorse, LLC has not stated that it will offer basic local service as a separate and distinct service and it intends to do so, the company shall file such a statement.

3. That this order shall become effective on September 30, 2005.
