There is no pending action or final unsatisfied judgment or decision against MAWC from any state or federal agency or court which involves customer service or rates, which action, judgment or decision has occurred within three years of the date of this Joint Application (other than MAWC's rate cases pending before this Commission – Cases Nos. WR-2011-0337 and SR-2011-0338).

THE TRANSACTION

4. MAWC and Meramec have entered into an Asset Purchase Agreement dated September 15, 2011 (“Agreement”), a copy of which is attached as Appendix B and incorporated herein by reference. Appendix B has been identified as Highly Confidential in accordance with Commission Rule 4 CSR 240-2.135, as market specific information and information representing strategies employed in contract negotiations. Pursuant to the Agreement, MAWC proposes to purchase substantially all of the assets of Meramec as specifically described in the Agreement under the terms and provisions further described in the Agreement. Such assets include the Meramec Certificate of Convenience and Necessity as reflected in Commission Case No. SA-77-167.

5. Because Meramec is a sewer corporation doing business in the State of Missouri, it is subject to the provisions of Section 393.190.1, RSMo 2000, which states, in pertinent part, that “no . . . water corporation or sewer corporation shall hereafter sell, assign, lease, transfer, mortgage or otherwise dispose of or encumber the whole or any part of its franchise, works or system, necessary or useful in the performance of its duties to the public . . . without having first secured from the Commission an order authorizing it so to do.”

ADDITIONAL INFORMATION

6. MAWC’s verification of authority authorizing the purchase of the subject assets

and related transactions contemplated by the Agreement is attached as Appendix C and incorporated herein by reference. Meramec's verification of authority authorizing the purchase of the subject assets and related transactions contemplated by the Agreement is attached as Appendix D and incorporated herein by reference

7. A balance sheet and income statement with adjustments showing the results of the acquisition of the property for MAWC is attached as Appendix E and incorporated herein by reference.

8. The sale of assets should have no impact on the tax revenues of relevant political subdivisions as both MAWC and Meramec are private entities.

PUBLIC INTEREST

9. For the following reasons, the proposed acquisition of the specified assets of Meramec and the related transactions are not detrimental to the public interest of the State of Missouri and in fact will be consistent with and will promote the public interest.

A. The assets of Meramec would be acquired by MAWC, a Missouri public utility, and remain subject to the jurisdiction of the Commission. MAWC has considerable expertise and experience in providing water and sewer utility services to residents of the State of Missouri.

B. MAWC is fully qualified, in all respects, to own and operate the systems currently being operated by Meramec and to otherwise provide safe, reliable and affordable service

10. MAWC will continue to utilize Meramec's rates, rules and regulations and other tariffs currently on file with and approved by the Commission and will continue to operate under those rates, rules and regulations until such time as they may be modified according to law.

RATEMAKING TREATMENT

11. MAWC seeks an order/agreement that the assets that are the subject of this application will be valued for ratemaking purposes at the purchase price contained in the Agreement.

CONTINGENT REQUEST FOR WAIVER

12. This case is not likely to be a contested case within the meaning of Commission rule 4 CSR 240-4.020(2) because previous applications addressing the same issues presented in this filing have generally not become contested proceedings. However, in the event that the Commission nevertheless concludes that the filing of this Joint Application is likely to be a contested case, Applicants request a waiver of the sixty (60) day notice for good cause shown as permitted by Commission rule 4 CSR 240-4.020(2)(A).

13. The reason for this request relates to the nature of an asset purchase negotiation as that which resulted in the execution of the subject Agreement and the filing of this Joint Application. Sixty days prior to the filing, the parties did not have an agreement. Further, because of the nature of a transaction such as this, this Joint Application has been filed as soon as possible after the execution of the Agreement. It would serve no purpose to wait sixty days before filing the application for Commission approval. Accordingly, to the extent that the Commission may find it to be applicable, the parties request a waiver from the provisions of Commission Rule 4 CSR 240-4.020(2) to allow for the filing of this Joint Application.

WHEREFORE, MAWC and Meramec respectfully request that the Commission issue its order:

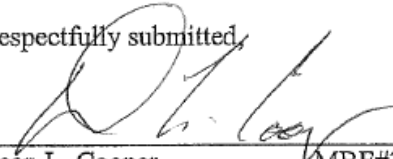

(A) authorizing Meramec to sell and MAWC to acquire the assets identified herein of Meramec to include the certificates held by these entities or, in the alternative grant MAWC a

new certificate to provide sewer service in the areas now served by Meramec;

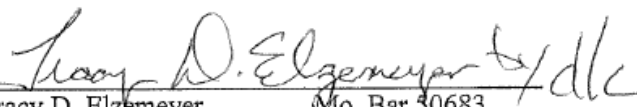

(B) authorizing MAWC to enter into, execute and perform in accordance with the terms described in the Agreement attached to this Joint Application and to take any and all other actions which may be reasonably necessary and incidental to the performance of the acquisition; and,

(C) granting such other relief as may be deemed necessary and appropriate to accomplish the purposes of the Agreement and the Joint Application and to consummate related transactions in accordance with the Agreement.

Respectfully submitted,
