Dear Commissioner Simmons:

I am writing you today regarding the proposed increase for new manufactured homes inspection fees.

Missouri has lost more jobs per capita than any other state. We are making efforts to create new programs that will entice new businesses to relocate or expand into our state, therefore creating more jobs for Missourians. Raising fees on businesses can only be detrimental to our goal of offering incentives to new or existing companies. Not raising these fees at this time will result in assisting Missouri in its economic recovery and business recruitment.

If you would like to discuss this further or have any questions, please do not hesitate to call me.

Sincerely,
