Wentzville	Cingular, Nextel, Sprint, T-Mobile, Verizon	X		

Exhibit No. 8
 Case No(s) 20-2006-0109
 Date 9-27-05 Rptr KF

¹ Wireless provider as identified by the company's application.

² "Yes" indicates the wireless provider has been assigned local telephone numbers in the exchange based on information contained in either the North American Numbering Plan Administration's Central Office Code List or the Local Exchange Routing Guide (LERG).

³ "No" indicates the wireless provider does not have assigned telephone numbers within the exchange; nor does the exchange have toll-free calling to another exchange where the wireless provider may have local numbers which can be dialed on a toll-free basis by all customers within the exchange.

⁴ The "Other" column describes situations where the wireless provider does not have local numbers within this particular exchange but the wireless provider does have telephone numbers in another exchange which may have some form of toll-free calling between the exchanges so that callers in the exchange can dial subscribers to the designated wireless provider on a toll-free basis.
