Case No. LO-2008-0294

STAFF RECOMMENDATION

COMES NOW the Staff of the Missouri Public Service Commission and states:

1. In the attached Memorandum, labeled Appendix A, Staff recommends the Commission grant Pacific South Telecom, Inc. (Applicant) a certificate of service authority to provide intrastate interexchange telecommunications services.¹ The Commission shall grant an application for a certificate of telecommunications service authority upon a finding that the grant of authority is in the public interest. §§ 392.430 and 392.440 RSMo. (2000).

2. Staff also recommends that the Commission classify the Applicant and the services it proposes to offer in its *Application* as competitive. The Commission may classify a telecommunications provider or its services as competitive if the Commission determines it is subject to sufficient competition to justify a lesser degree of regulation. §392.361.4. All the services a competitive company provides must be classified as competitive. §392.361.3.

3. Applicant did not submit a tariff with its Application. Although a tariff filing at this time is not required, Staff notes that pursuant to 4 CSR 240-3.510(1)(C), the applicant cannot lawfully provide service until tariffs are effective.

¹ The Application requests authority to provide interexchange telecommunications (IXC) services including operator services in Missouri. However, §386.020(37) RSMo defines operator services as “operator-assisted interexchange telecommunications service by means of either human or automated call intervention....” Therefore, if a certificate to provide IXC services is granted by the Commission, then operator services is included in that grant of authority.

4. Staff further recommends that the Commission grant the waivers listed in the *Notice of Applications*. The Commission may waive the application of its rules and certain statutes if the Commission determines that waiver is consistent with the purposes of Chapter 392. §§ 392.185, 392.361.5 and 392.420.

WHEREFORE, Staff recommends that the Commission grant Pacific South Telecom, Inc. a certificate to provide intrastate interexchange telecommunications services; grant it the requested competitive classification; and grant the waivers listed in the Commission's Notice of Application.

Respectfully Submitted,

/s/ Shelley Syler Brueggemann
