RE: Talk America Services, LLC

Dear Mr. Woodruff:

Talk America Service, LLC was granted a Certificate to Provide Basic Local, Non-Switched Local and Interexchange Telecommunications Services within the State of Missouri on November 27, 2014 in File No. LA-2015-0069.

While the application in that docket indicated that the Company intended to operate as a reseller of local exchange services, the authority granted by the Commission does not restrict the Company's provision of local service to resale. Through this letter, Talk America notifies the Commission of its intention to offer local exchange services as a facilities-based provider in the future. It is our understanding that no additional approval is required from the Commission.

Any questions you may have regarding this filing should be directed to my attention at 407-740-3031 or via email to sthomas@tminc.com. Thank you for your assistance in this matter.

Sincerely,

/s/Sharon Thomas
