SURREBUTTAL TESTIMONY

OF

ROBERT J. MILL

ON

BEHALF OF

**UNION ELECTRIC COMPANY
d/b/a AmerenUE**

**St. Louis, Missouri
February, 2007**

1 **SURREBUTTAL TESTIMONY**

2 **OF**

3 **ROBERT J. MILL**

4 **CASE NO. ER-2007-0002**

5 **Q. Please state your name and business address.**

6 A. My name is Robert J. Mill. My business address is One Ameren Plaza, 1901
7 Chouteau Avenue, St. Louis, Missouri 63166-6149.

8 **Q. Are you the same Robert J. Mill that filed Direct and Rebuttal Testimony**
9 **in this proceeding?**

10 A. Yes, I am.

11 **Q. What is the purpose of your Surrebuttal Testimony in this proceeding?**

12 A. I am responding to a portion of the Rebuttal Testimony of Barbara A.
13 Meisenheimer, submitted on behalf of the Office of Public Counsel, where she indicates
14 concern with the proposed Economic Redevelopment Rider and the Economic Development
15 and Retention Rider (“Economic Development Tariffs”). Regarding these Economic
16 Development Tariffs, Ms. Meisenheimer indicates that any discounts should be funded by
17 AmerenUE shareholders.

18 **Q. What is your view regarding the treatment of any discounts provided to**
19 **eligible customers pursuant to these Economic Development Tariffs?**

20 A. The Company’s proposal would result in shareholders funding such discounts
21 until a future rate case. Any discounts from AmerenUE standard rates or from application of
22 its existing terms and conditions for eligible customers under the proposed Economic
23 Development Tariffs will first be borne by shareholders until such time as the next electric

1 rate case when such discounts (or revenue deficiency) will be reflected in the proposed
2 revenue requirement and in the proposed rates for customers.

3 **Q. Why do you believe your proposed treatment of any discounts provided**
4 **to eligible customers pursuant to these Economic Development Tariffs is fair?**

5 A. The initial bearing of Economic Development discounts by shareholders and
6 subsequent reflection of these discounts in rates after the completion of the Company's next
7 rate case, as described in my previous answer, provides the proper balance that will guide
8 AmerenUE's economic development team to be prudent with the offering of any such
9 discounts or benefits so they fully comply with the terms of the Economic Development
10 Tariffs and are not excessive.

11 **Q. Is your proposed treatment of discounts consistent with the treatment**
12 **afforded the former AmerenUE Economic Development Rider?**

13 A. Yes. That is my understanding.

14 **Q. Do you believe customer additions and retentions occurring as a result of**
15 **the Economic Development Tariffs benefit other AmerenUE customers?**

16 A. Absolutely. AmerenUE customers as a whole benefit from economic
17 development successes to the extent that AmerenUE receives an amount above its short-run
18 marginal costs on sales of electricity to such new or expanding customers, thus providing a
19 contribution to fixed costs. However, absent these discounts affected customers may choose
20 to locate or relocate their facilities outside the Company's service territory and existing
21 customers would not receive the benefit of lower rates resulting from the previously
22 mentioned added contribution to fixed costs. Additionally, such customers are typically
23 making large investments and are expected to continue to provide benefits to the system well

1 beyond the life of any temporary incentive program. Lastly, the communities in which such
2 development activities occur will see benefits by retaining or increasing jobs and tax base.
3 Because of the many system benefits that these discounts provide, it is completely
4 appropriate for them to be reflected in the calculation of future rates, as opposed to the
5 discounts from these Riders being borne or funded by shareholders.

6 **Q. Does this conclude your Surrebuttal Testimony?**

7 A. Yes, it does.
