For Approval of an Amendment to) **File No. IK-2014-0234**
An Interconnection Agreement)
Under the Telecommunications Act of 1996)

ORDER DIRECTING NOTICE, SETTING INTERVENTION DEADLINE, AND MAKING TELEPORT COMMUNICATIONS AMERICA, LLC A PARTY

Issue Date: February 26, 2014

Effective Date: February 26, 2014

Syllabus: This order provides notice of this application to interested parties, establishes a deadline for intervention and for requesting a hearing, and joins the other party to the interconnection agreement, Teleport Communications America, LLC ("Teleport"), as a party to this proceeding.

On February 25, 2014, Southwestern Bell Telephone Company, d/b/a AT&T Missouri ("AT&T Missouri") filed an application with the Commission for approval of an amendment to a negotiated interconnection agreement with Teleport under the provisions of the federal Telecommunications Act of 1996.

TCG St. Louis merged into Teleport Communications America, LLC ("Teleport"), which is the surviving entity. On August 28, 2012, the Commission issued an order approving the application, granting Teleport a certificate of service and the cancelling of Teleport's Certificate of Service Authority. The Commission's August 28, 2012 Order also provided that the interconnection agreement between the companies would be assumed by Teleport. The proposed amendment in this case, in addition to other changes, would

change the name on the interconnection agreement from Teleport to Teleport Communications America, LLC.

Southwestern Bell Telephone Company, d/b/a AT&T Missouri states that there are no unresolved issues and that the agreement complies with Section 252(e) of the Act in that it is consistent with the public interest, convenience and necessity, and is not discriminatory to nonparty carriers.

Although Teleport is a party to the agreement, it did not join in the application. Because Teleport is a necessary party to a full and fair adjudication of this matter, the Commission will add Teleport as a party to this case.

The Act provides that an interconnection or resale agreement must be approved unless the state commission finds that the agreement discriminates against a telecommunications carrier not a party to the agreement, or that implementation of the agreement is not consistent with the public interest, convenience, and necessity.¹ Section 252(e)(4) of the Act provides that if the Commission has not approved an agreement within 90 days after submission, the agreement shall be deemed approved. The Commission finds that proper persons shall be allowed 15 days from the issuance of this order to file a motion for hearing. The Commission also finds that notice of this application shall be sent to all interexchange and local exchange telecommunications companies.

THE COMMISSION ORDERS THAT:

1. The Commission's Data Center shall send notice to all interexchange and local exchange telecommunications companies.
2. Teleport Communications America, LLC is made a party to this case.

¹ 47 U.S.C. § 252(e).

3. Any party wishing to intervene or request a hearing shall do so by filing a pleading no later than March 13, 2014, with:

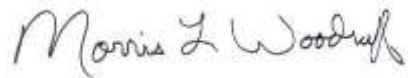

Morris L. Woodruff, Secretary
Missouri Public Service Commission
Post Office Box 360
Jefferson City, Missouri 65102

Or by using the Commission's electronic filing and information service.

4. The Staff of the Commission shall file a recommendation advising either approval or rejection of this amendment to the agreement and giving the reasons therefor no later than March 28, 2014.

5. This order shall become effective upon issuance.

pursuant to Section 386.240, RSMo 2000.
