AMENDED STAFF RECOMMENDATION

COMES NOW the Staff of the Missouri Public Service Commission and for its recommendation, states as follows:

1. On April 27, 2010, Rosebud Telephone, LLC (“the Company”) applied for a certificate of service authority to provide basic local and interexchange telecommunications service and for competitive classification. In its Application, the Company asked for statewide authority, although it initially would only serve in “large” incumbent telecommunications company areas.

2. On June 2, 2010, the Staff filed a Recommendation that included only those specific areas, and not the requested statewide authority. This limitation was in error, and the Staff Recommendation should have been for statewide authority.

WHEREFORE, the Staff amends its prior recommendation and recommends that the Commission grant Rosebud Telephone, LLC’s Application for statewide basic local and interexchange telecommunications service authority and classify the company and its services as competitive.

Respectfully submitted,

Colleen M. Dale
