**Re: *Docket No. TM-2000-146*
Joint Application of Feist Long Distance Service, Inc., Telecom Resources,
Inc. d/b/a TRINetwork, Inc., and Advanced Communications Group, Inc. for
Approval of Transfers of Control**

Dear Mr. Roberts:

Feist Long Distance Service, Inc. ("Feist"), Telecom Resources, Inc. d/b/a TRINetwork, Inc. ("TRI"), and Advanced Communications Group, Inc. ("ACG") filed an application on August 16, 1999 for consent to transfer control of Feist and TRI from ACG to Ionex Telecommunications, LLC ("Ionex") (Feist, TRI, ACG, and Ionex, collectively, hereafter "Parties"). In that application, Ionex proposed to use one wholly-owned subsidiary to purchase all outstanding shares of Feist, and another wholly-owned subsidiary to purchase all outstanding shares of TRI.

Ionex writes to notify the Commission that Ionex Telecommunications, LLC has become Ionex Telecommunications, Inc., a Delaware corporation. In addition, Ionex Telecommunications, Inc. now proposes to accomplish the acquisition of Feist and TRI through the direct purchase of all outstanding shares of Feist and TRI, without the use of wholly-owned acquisition subsidiaries. Attached hereto is a revised illustrative chart depicting the corporate structure of the Parties prior to and immediately following the transfer of control, which replaces the illustrative chart contained in the initial application as Exhibit A.

3

These minor revisions to Ionex's corporate structure – changing from a limited liability company to a corporation and simplifying the acquisition by eliminating Ionex's wholly-owned acquisition subsidiaries – do not change other information provided in the initial application. The proposed transferee, Ionex Telecommunications, Inc., will continue to be majority owned and controlled by Gilbert Global Equity Partners, L.P., with the same sources and amount of capital funding described in the initial application. The same management team described in the initial application will continue to lead Ionex Telecommunications, Inc. Finally, following closing of the stock purchase transaction, Feist and TRI will continue to operate as wholly-owned subsidiaries of Ionex, with no changes to the names of Feist and TRI or the manner in which services are provided in the State of Missouri.
