Products & Services

Transcom's end-to-end global connectivity and comprehensive services do more than meet your communications needs—they give you a competitive advantage in the marketplace.

Our worldwide network, state-of-the-art technology and unmatched reliability enable us to bring you the highest quality services at competitive prices. With Transcom, it's never "one size fits all." We work closely with you to understand your needs and create customized solutions that keep your costs low-without sacrificing quality or efficiency.

Unlike many of our competitors, we're easy to talk to. As a Transcom customer, you'll always have direct access to our executive and customer service teams. That means that when a question comes up, you don't have to work hard to get an answer. As we see it, easy access and personalized service build closer, more profitable relationships.

Transcom is a new kind of communications company. We understand your business. We have the energy and know-how to support your success. **And we make it all easy for you.**

Voice Termination Service

This is our core service offering. Transcom provides termination services throughout the world with a focus on North America. Transcom has an onnet footprint that covers about 70% of the US Population. Customers looking for a TDM Interconnect can connect to Transcom's Veraz based network at the following switch locations:

Atlanta

Dallas

Los Angeles

New York

Customers who do not have facilities at these locations or prefer to connect via an IP connection can connect to us via our Nextone SBC (Session Border Controller). We support most protocols with H.323 and SIP being the most common.

Voice Origination Services

Transcom provides origination services using Toll Free numbers and local DIDs. Transcom will pass the originated call to the Customer using dedicated facilities or via an IP handoff. Customer can connect to the above switch locations for this product also.

Toll Free Termination Services

Transcom noticed that many of their customers were having a problem terminating toll free numbers that end-users were calling. This was especially true for many emerging broadband IP Telephony providers. Customers can direct their outbound toll free calling for Transcom to terminate.
