Subject: MO AM Water

Kay

I'm writing this to you as I understand Tammy has moved to another department.

Billing from Missouri American Water has been consistent with what I feel is correct. I read my water meter and agree with the bills as they come.

So if this is OK, I would like to make this email as a notice that I withdraw my complaint with MOAMWater.

I still have a couple of suggestions:

- 1) Water & Wastewater rates seem too high.
- 2) They should adsorb on line payments rather than charging a user fee.

Thank You

Jack R. King
