22. Buried Plant within Subdivisions

FEB 19 1982

- A. Telephone lines constructed, installed and owned by utilities in subdivisions shall be installed underground. **Public Service Commission**

1. The following definitions are used in this section of the tariff:

APPLICANT: The developer, builder, or other person, partnership, association, firm, private or public corporation, trust, estate, political subdivision, governmental agency, or other legal entity recognized by law, applying for the construction of a telephone distribution system in a subdivision.

BUILDING: A single structure roofed and enclosed within exterior walls, built for permanent use, erected, framed of component structural parts and unified in its entirety both physically and in operation for single-family residential occupancy in a subdivision (definition excludes mobile home).

SUBDIVISION: A lot, tract, or parcel of land divided into two or more lots, plots, sites or other divisions for use for new residential buildings or the land on which is constructed new multiple-occupancy buildings per a recorded plot thereof if such recordation is required by law.

2. The Telephone Company upon receipt of the applicant's proper application will install an underground telephone system with suitable materials to assure that the applicant will receive reasonably safe and adequate telephone service. The provision of the underground telephone system will be provided at no charge except where a charge is permitted under Paragraphs C and E of this section of the tariff. Temporary service is provided under Paragraph D of this section of the tariff.

B. Rights-of-Way and Easements

1. Within the applicant's subdivision, the Telephone Company will construct, own, operate, and maintain underground telephone lines only along public streets, roads, and highways which the Telephone Company has the legal right to occupy, and on public lands and private property across which rights-of-way and easements satisfactory to the Telephone Company may be obtained without cost or need for condemnation by the Telephone Company.
2. Rights-of-way and easements, within the subdivision, satisfactory to the Telephone Company, must be furnished by the applicant in reasonable time to meet construction and service requirements before the Telephone Company shall be required to commence its installation. Such rights-of-way and easements must be cleared of trees, tree stumps, and other obstructions and graded to within six inches of final grade, by applicant, at no charge to the Telephone Company. Such clearance and grading must be maintained by the applicant during construction by the Telephone Company.

C. Advance Payments

1. Where, due to the manner in which a subdivision is developed, the Telephone Company is required to construct an underground telephone distribution system through a section or sections of the subdivision where service will not be connected for at least two years, then the Telephone Company may require an advance payment equal to the estimated cost of construction from the applicant before construction is commenced. If in the judgement of the Telephone Company an advance is required under the above described conditions, the Telephone Company has the right to refuse installation of the underground system until the required advance is paid to the Telephone Company.
2. If an advance is required under these rules, then the advance, without interest, shall be returned to the applicant on a pro

3. Any portion of an advance remaining unrefunded ^{within ten years} from the date the Telephone Company is first ready to render service with the extension will be retained by the Telephone Company and credited to the appropriate construction account.

D. Temporary Facilities

1. Temporary facilities may be installed to provide service when necessary, for a maximum period of one year.
2. Where it is necessary to place temporary facilities in advance of the permanent underground telephone system in order to provide telephone service, the Telephone Company may require the applicant to pay the estimated non-recoverable costs of the temporary facilities. If the required costs under the above described conditions apply, the Telephone Company has the right to refuse installation of the temporary facilities until the required costs are paid to the Telephone Company.

E. Special Conditions

1. In circumstances, where the application of these rules appears impracticable or unjust to applicant to the Telephone Company, or discriminatory to other customers, e.g., difficult rock conditions, the Telephone Company or applicant shall refer the matter to the Missouri Public Service Commission for special ruling or for the approval of special conditions which may be mutually agreed upon prior to commencing construction.
