

STATE OF MISSOURI
PUBLIC SERVICE COMMISSION

At a Session of the Public Service
Commission held at its office
in Jefferson City on the 11th
day of January, 1979.

CASE NO. TA-79-66

In the matter of the application
of Control Center, Inc., for a
Certificate of Convenience and
Necessity to operate a non-
interconnected paging service.

NOTICE OF HEARING

On December 13, 1978, Control Center, Inc., (Applicant) by its Attorneys filed with the Commission an "Application for Continuance" wherein it requested that the above-styled matter be continued to a date to be set by the Commission. A hearing in this case had been set for December 27, 1978, for the purpose of receiving Protestants' evidence in this matter. Applicant tried and rested its case at a hearing held on October 20, 1978.

On December 14, 1978, Protestant Central Mobile Phone, Inc., (Central) informed the Commission by letter that it had no objection to the continuance through the holiday season, but requested that it be set for hearing as soon as possible thereafter. On December 15, 1978, Protestant Capital City Telephone Company concurred in Protestant Central's request. Said continuance was granted.

The presiding examiner in this matter has contacted the above parties regarding the rescheduling of this matter and has been informed that Applicant desires a hearing date in April of 1979. Protestants strenuously urge an earlier setting.

Applicant's continuance request states that additional time is required to ascertain what equipment and frequencies will be available if the proposed authority is granted. The Commission, having considered that Applicant has rested his case, concludes that the matter should be reset at an earlier time as requested by Protestants. Said conclusion is based upon the fact that the remaining testimony will be provided by Protestants only. A hearing is hereby scheduled as set forth below.

It is, therefore,

ORDERED: 2. That this Order shall become effective on the date hereof.
