SECTION 1 - DEFINITION OF TERMS

For the purpose of this Tariff, the following definitions will apply:

Access Coordination - Provides for the design, ordering, installation, coordination, pre-service testing, service turn-up and maintenance on a Company or Customer provided Local Access Channel.

Additional Billing Increment - Additional Billing Increment is the rate element used to bill for the chargeable time when a call continues beyond the Initial Billing Increment. Additional Billing Increment begins when the Initial Billing Increment ends (e.g., with the second minute of a call for which the Initial Billing Increment is one minute). Additional rates apply to each Additional Billing Increment, or any fraction thereof, that chargeable time continues beyond the Initial Billing Increment. Thus, for Service with an Initial Billing Increment of one (1) minute, a call with an actual duration of two (2) minutes and one (1) second would incur the full Initial Billing Increment charge and the charge for two (2) Additional Billing Increments.

Administrative Change - A change in Customer billing address or contact name.

Alternate Access - Alternate Access is a form of Local Access except that the provider of the Service is an entity, other than the Local Exchange Carrier, authorized or permitted to provide such Service. The charges for Alternate Access may be subject to private agreement rather than published or special tariff if permitted by applicable governmental rules.

ANI - ANI (Automated Number Identification) refers to the specific and unique Calling Party's billing number delivered by a local exchange carrier to any interconnecting carrier for billing or routing purposes.

Application for Service - A standard Company order form which includes all pertinent billing, technical and other descriptive.

ASR - ASR (Access Service Request) means an order placed with a Local Access Provider for Local Access.

Authorization Code - A numerical sequence which enables a Customer to access Company's network to place a Call and which is used by the Company to identify the customer for billing purposes.

Authorized User - A person, firm, corporation or other entity that either is authorized by the Customer to receive or send communications or is placed in a position by the Customer, either through acts or omissions, to send or receive communications.

The term Customer also includes an entity that remains presubscribed to the Company Service after its account(s) are removed from the Company's billing system, subsequently continues to use Company's network, and is billed by a local exchange carrier for such use, or otherwise uses Service for which no other Customer is obligated to compensate Company.

Expedite - A Service order initiated at the request of the Customer that is processed in a time period shorter than the Company's standard Service interval.

FCC - Federal Communications Commission

Individual Case Basis (ICB) - Individual Case Basis (ICB) determinations involve situations where complex Customer-specific Company arrangements are required to satisfactorily serve the Customer. The initial rate increment will apply if a call has a minimum duration of the entire Initial Billing Increment or any fraction thereof. Thus, by way of example, for Service with an Initial Billing Increment of (1) minute, a call with an actual duration of less than one (1) minute will be billed the full Initial Billing Increment.

SECTION 2 - RULES AND REGULATIONS (CONT'D)

2.7. Use of Service (Cont'd)

2.7.2. Service furnished by the Company may be arranged for joint use or authorized use. The joint user or Authorized User shall be permitted to use such Service in the same manner as the Customer, but subject to the following:

2.7.2.A. One joint user or Authorized User must be designated as the Customer.

2.7.2.B. All charges for the Service will be computed as if the Service were to be billed to one Customer. The joint user or Authorized User which has been designated as the Customer will be billed for all components of the Service and will be responsible for all payments to the Company. In the event that the designated Customer fails to pay the Company, each joint user or Authorized User shall be liable to the Company for all charges incurred as a result of its use of the Company's Service.

2.7.3. In addition to the other provisions in this Tariff, Customers reselling company Services shall be responsible for all interaction and interface with their own subscribers or customers. The provision of the Service will not create a partnership or joint venture between Company and Customer nor result in a joint communications Service offering to the Customers of either the Company or the Customer.

2.7.4. Service furnished by the Company shall not be used for any unlawful or fraudulent purposes.

2.7.5. The Customer will be billed directly by the LEC for certain Dedicated Access arrangements selected by the Customer for the provisioning of direct access arrangements. In those instances where the Company at the Customer's request may act as agent in the ordering of such arrangements, the Company will bill the Customer Local Access charges.

SECTION 2 - RULES AND REGULATIONS (CONT'D)

2.8. Payment Arrangements

- 2.8.1.** The Customer is responsible for payment of all charges for Services furnished to the Customer or its joint or Authorized Users. This responsibility is not changed due to any use, misuse, or abuse of the Customer's Service or Customer provided equipment by third parties, the Customer's employees, or the public.
- 2.8.2.** In the event an Authorization Code is assigned to Customer, the Customer shall be responsible for all Service billed to such Authorization Code until such time as Company receives written or verbal notification from Customer to cancel such Authorization Code.
- 2.8.3.** The Company's bills are due upon receipt. Amounts not paid within 21 days from the Bill Date of the invoice will be considered past due. Customers will be assessed a late fee on past due amounts in the amount not to exceed two percent per month. If a Business Customer presents an undue risk of nonpayment at any time, the Company may require the Customer to pay its bills in less than 21 days and to make such payments in cash or the equivalent of cash.
- 2.8.4.** In determining whether a Business Customer presents an undue risk of nonpayment, the Company shall consider the following factors: (A) the Customer's payment history (if any) with the Company and its affiliates, (B) Customer's ability to demonstrate adequate ability to pay for the Service, (C) credit and related information provided by Customer, lawfully obtained from third parties or publicly available, and (D) information relating to Customer's management, owners and affiliates (if any). For end users or Customers whom the Company believes an advance payment is necessary, Company reserves the right to collect an amount not to exceed one (1) month's estimated charges as an advance payment for service. This will be applied against the next month's charges and, if necessary, a new advance payment will be collected for the next month, not to exceed two months in total.

- 2.8.6.** If a LEC has established or establishes a Special Access surcharge, the Company will bill the surcharge beginning on the effective date of such surcharge for Special Access arrangements presently in Service. The Company will cease billing the Special Access surcharge upon receipt of an Exemption Certificate or if the surcharge is removed by the LEC.
- 2.8.7.** In the event the Company incurs fees or expenses, including attorney's fees, in collecting, or attempting to collect, any charges owed the Company, the Customer will be liable to the Company for the payment of all such fees and expenses reasonably incurred.
- 2.8.8.** When a check which has been presented to the Company by a Customer in payment for charges is returned by the bank, the Customer shall be responsible for the payment of a handling fee of \$15.00. This charge will be in addition to any charges assessed by any bank or financial institution.

2.9. Notice

- 2.9.1.** Except as otherwise provided in this Tariff or as specified in writing by the party entitled to receive Service, notice may be given orally or in writing to the persons whose names and business addresses appear on the executed Service order and the effective date of any notice shall be the date of delivery of such notice, not the date of mailing. By written notice, Company or Customer may change the party to receive notice and/or the address to which such notice is to be delivered. In the event no Customer or Company address is provided in the executed Service order, notice shall be given to the last known business address of Customer or, as appropriate.

SECTION 2 - RULES AND REGULATIONS (CONT'D)

2.10. Assignment

2.10.1. The obligations set forth in this Tariff shall be binding upon and inure to the benefit of the parties hereto and their respective successors or assigns, provided, however, the Customer shall not assign or transfer its rights or obligations without the prior written consent of the Company.

2.11. Tax Adjustments

2.11.1. All stated charges in this Tariff are computed by the Company exclusive of any federal, state, or local use, excise, gross receipts, sales or privilege taxes, duties, fees, or similar liabilities (other than general income or property taxes) whether charged to or against the Company or its Customer. Such taxes, fees, etc. shall be paid by the Customer in addition to the charges stated in this Tariff. All such taxes, duties, and fees shall each be shown as a separate line item on the Customer's monthly invoice. Any fees, surcharges or charges of any kind, except taxes, will be submitted to the Missouri Public Service Commission for their prior approval before the charges appear on any Customer's bill.

2.12. Fees and Assessments

2.12.1. Company may adjust its rates and charges or impose additional rates and charges on its Customers in order to recover amounts it is required by governmental or quasi-governmental authorities to collect from or pay to others in support of statutory or regulatory programs. Examples of such programs include, but are not limited to, compensation to payphone service providers for the use of their payphones to access Company Service.

2.12.1.A. Payphone Surcharge: Services provided pursuant to this tariff which are identified by Company as pay telephone station-originated calls are subject to a \$0.30 per call surcharge. Unless specifically stated other wise, this surcharge will apply to calls made using the following Company Services: (i) calling card; (ii) prepaid phone card; (iii) toll-free service; and (iv) 10XXX dial around service.

SECTION 2 - RULES AND REGULATIONS (CONT'D)

2.13. Method for Calculation of Airline Mileage

2.13.1. The airline mileage between two cities can be calculated using the Vertical (V) and Horizontal (H) coordinates of the serving wire centers associated with the Company's POP locations. The method for calculating the airline mileage is obtained by reference to AT&T's Tariff F.C.C. No. 10 according to the following formula:

the square root of:
$$\frac{(V1-V2)^2 + (H1-H2)^2}{10}$$

where V1 and H1 correspond to the V&H coordinates of City 1 and V2 and H2 correspond to the V&H coordinates of City 2.

Example:

<u>V</u>	<u>H</u>	
City 1	5004	1406
City 2	5987	3424

the square root of:
$$\frac{(5004-5987)^2 + (1406-3424)^2}{10}$$

The result is 709.83 miles. Any fractional miles are rounded to the next higher whole number; therefore, the airline mileage for this example is 710 miles.

SECTION 2 - RULES AND REGULATIONS (CONT'D)

2.14. Time of Day Rate Periods

2.14.1. Time of Day Rate Periods are determined by the time of day at the location of the Calling Station.

The rates shown in Section 4 apply as follows:

DAY: From 8:00 AM to 5:00 PM Monday - Friday

EVENING: From 5:00 PM to 11:00 PM Monday - Friday and Sunday

NIGHT/

WEEKEND: From 11:00 PM to 8:00 AM Everyday

From 8:00 AM to 11:00 PM Saturday

From 8:00 AM to 5:00 PM Sunday

2.14.2. With respect to each time of day period listed in Section 4 of this tariff, the period begins exactly at the first listed hour and ends up to but not including the start of the second listed hour. Thus, by way of example, a time period listed as 11:00PM to 8:00AM would begin exactly at 11:00 PM and continue up to, but not including 8:00AM.

2.14.3. When a call begins in one rate period and ends in another, the rate in effect at the beginning of the call applies to the entire call. In the event that a minute is split between two rate periods, the rate in effect at the start of that minute applies.

2.15. Special Customer Arrangements

2.15.1. In cases where a Customer requests a special or unique arrangement which may include engineering, conditioning, installation, construction, facilities, assembly, purchase or lease of facilities, the Company, at its option, may provide the requested Services. Appropriate recurring charges and/or Nonrecurring Charges and other terms and conditions will be developed for the Customer for the provisioning of such arrangements.

SECTION 2 - RULES AND REGULATIONS (CONT'D)

2.16. Inspection

2.16.1. The Company may, upon notice, make such tests and inspections as may be necessary to determine that the requirements of this Tariff are being complied with in the Installation, operation or maintenance of Customer or the Company equipment.

2.17. Timing of Calls

2.17.1. Long distance usage charges are based on the actual usage of the Company network. Chargeable time begins when a connection is established between the Calling Station and the Called Station. The establishment of the connection is determined, where available, by hardware answer supervision in which the local telephone company sends a signal to the switch or the software utilizing audio tone detection. When hardware answer supervision is unavailable and software answer supervision is employed, up to 60 seconds of ringing is allowed before it is billed as usage of the network. Chargeable time for a call ends when one of the calling parties disconnects from the call. If the Called Station "hangs up" but the Calling Station does not, chargeable time ends when the network connection is released either by automatic timing equipment in the telephone network or by the Company.

2.18. Rounding

2.18.1. In the event the total charge for a call includes a fraction of a cent, the cost shall be rounded up to the next highest cent.
