Case No. TT-96-221

NOTICE

On January 12, 1996, GTE Midwest Incorporated (GTE) submitted tariff sheet(s) which proposed a boundary change for the Protem and Theodosia areas. Within the accompanying cover letter, GTE requested expedited treatment and this case was docketed to address that request. On January 30, 1996, the Telecommunications Department Staff of the Public Service Commission (Staff) circulated a Utility Operations Division Telephone Routing Slip which recommended Commission approval of the proposed tariff sheet(s). The Commission approved the tariff file (File No. 9600440) by virtue of a vote upon the Telephone Routing Slip during the agenda of January 30, 1996. For that reason, no order was required for Case No. TT-96-221. Inasmuch as the tariff has been approved, Case NO. TT-96-221 may now be closed.
