Thank you for the opportunity to be able to expand upon my health situation. Dealing with cancer does not deal you a fair hand. You are not always in control of your life or able to make commitments. Due to my health issues, I have not been able to meet with the monthly requirement to keep you informed but, will be able to in the future. With my health being what it is, procedures, and the pain of it all. I would forget. I am now making arrangement with a team of doctors to oversee my health and care in Kansas City. I will then have the help and reminders that I need with my affairs.

So, at this point, I will not be able to give a time or date as to when I can move forward on this issue between myself and MGE. Hopefully soon for the fact that I will be in this area to continue my health care. Also, some time ago I was asked to fill out a questionair, which I did and mailed. I'm now wondering if that was recieve for the fact that I have been asked for it again. I did not

keep a copy of it for myself. So, if this is the case would you please send that packet again. I will make sure it is recieved back by mailing it Certified Mail.

Please do not close or dismiss my case for the fact that I will be better able to comply with what is expected of me once I am back in Missouri. Which should be within a week. I will have to find a place to live until I'm 100% able to live and function in my own home.

Thank you very kindly,
Janet Parks
