1. The Midwest Energy Consumers Group (“MECG” or “Applicant”) is an incorporated entity representing the interests of large commercial and industrial users of electricity and natural gas throughout the State of Missouri including in the area served by The Empire District Electric Company and The Empire District Gas Company (collectively referred to as “Empire”).

2. The matters to be considered in this case and the Commission’s determinations therein, could have a direct and significant impact on Empire’s cost of energy service and the manner in which it is supplied. While Applicants do not, at this time, have sufficient information to assert a position on this investigation, they reserve the right to assert positions after they have had an adequate opportunity to examine the record, and any documentation of other parties filed herein.
