In the Matter of Laclede Gas Company's) Case No. GR-2001-629
Tariff to Revise Natural Gas Rate Schedules) Tariff No. 200101125

MOTION TO REVISE FORM OF NOTICE

COMES NOW Laclede Gas Company (hereinafter sometimes referred to as "Laclede" or "Company") by its attorney and for its Motion to Revise Form of Notice respectfully states as follows:

1. In Ordered Number 13 of the Suspension Order and Notice in the above-captioned case, dated June 7, 2001, and to become effective June 17, 2001, the Commission directed the Company to provide a notification of its proposed increase in this case to its affected customers in a specified form consisting of three paragraphs. The first paragraph of the specified form of notice describes the proposed increase in the Company's Missouri jurisdictional annual gross revenue as being approximately 19.3 percent. The 19.3 percent number is incorrect. As shown at page 1, of Schedule 5 of the minimum filing requirement exhibit which accompanied the May 18, 2001 revised rate filing, the percentage change in revenues from current rates is actually 5 percent. Laclede accordingly requests that the form of notice be revised to reflect this correct percentage.

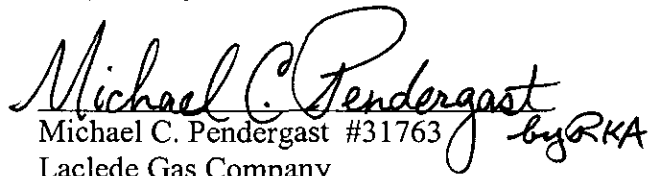

2. Laclede would note that in directing the Company to provide notice of the jurisdictional revenue increase sought by the Company in its last general rate case proceeding, Case No. GR-99-315, the Commission instructed the Company to use a percentage calculation that was done in a manner identical to that used to calculate the 5 percent figure suggested in this Motion and included in the Company's filing. (See

attached *Suspension Order* dated February 9, 1999, Case No. 99-315, Ordered No. 5.).

Accordingly, adoption of the revision proposed herein would be consistent with the Commission's past practice in this area.

WHEREFORE, Laclede Gas Company hereby requests, for the reasons stated above, that the Commission issue its order modifying its Suspension Order and Notice to reflect a change to the form of Notice in Ordered No. 13, paragraph 1, line 4, from the erroneous 19.3 percent currently reflected to the correct percentage increase of 5 percent.

Respectfully submitted,
