Service Commission

Dear Mr. Roberts,

Job creation and business retention are two major goals of Missouri State government during this economic time of tight budget and additional needed revenue.

It seems this would not be the proper time to place an added burden of increased fees on our "manufactured homes" industry. Many of us in the legislature would prefer to offer incentives to remain in Missouri.

Lets work together to create a business friendly reputation in Missouri. Perhaps this is the time to find alternative methods of raising funds.

Yours for more efficient government,

Marilyn
