MX-2003-0187

Dear Sirs,

Since 1999 to the present the manufactured housing industry has experienced a 65% drop in shipments. Since 2000 the amount of revenue this industry has to provide for the PSC Manufactured Housing Department has risen over 200% by legislation and rule making.

The new rules referenced above expect to generate \$82,000 more dollars. Where will this end? To ask for no more increases seems to be the correct solution at the present time.

Thank you for your consideration on these matters.

Sincerely,

Gary Philpot
Gary Philpot, President
