Missouri Public
Service Commission

Dear Mr. Pleus:

Skyline Corporation hereby submits the following comments with respect to Emergency Rule 4 CSR 240-120.140.

This Rule requires that Skyline submit a report listing the homes shipped into Missouri along with a fee of \$30 per home not later than the tenth of the following month.

Skyline requires 5-6 working days to tally its state-by-state shipments. Once these figures are available, another three working days are required to process a check request. This does not allow any time for the U. S. Postal service to deliver the report to you. Other states where Skyline does business have similar per-unit fees. However, the reports/checks are not due until the 20th or 30th of the next month.

Skyline hereby requests that Missouri extend the due date to permit Skyline to deliver its reports on time.

Very truly yours,

Linda Philippsen
