**Re: Proposed Inspection Fee Increase**

Dear Hardy:

I'm writing to you with regard to the Public Service Commission's proposal to increase inspection fees on manufactured houses.

This is an unrealistic increase in fees and puts an undue financial hardship on the dealers and sales people of manufactured homes. This increase in fees will no doubt impact dealers willingness to locate in Missouri and will ultimately result in increased costs to consumers as the costs may be passed onto them.

I would certainly appreciate your consideration of the negative impact of these fees on this industry and our citizens as you make your decision on this issue.

Best regards,
