DEC 27 1999

In the matter of an Investigation Into)
Public Utility Preparedness for Year 2000)
Conversion.)

Missouri Public
Service Commission

Case No. OO-99-43

**MOTION TO FILE REPORT TO THE
MISSOURI PUBLIC SERVICE COMMISSION
REGARDING Y2K PREPAREDNESS REPORTING BY UTILITIES**

COMES NOW the Staff of the Missouri Public Service Commission ("the Staff") and for its Motion to File Report to the Commission Regarding Year 2000 (Y2K) Preparedness Reporting and states:

1. On August 28, 1998, the Commission ordered utility companies in this state to, among other things, complete and file a survey with the Commission concerning their plans to prepare for the change to the Year 2000.
2. Since that time, Commission Staff has held three Y2K forums, which have included presentations by utilities, state government officials, the Federal Bureau of Investigation and others.
3. Staff attended and participated in four North American Electric Reliability Council's (NERC) conferences concerning preparedness of electric utilities.
4. Staff members have gone to the major electric utility providers in the state, including Associated Electric in Springfield, and witnessed the two nationwide drills conducted by NERC, on April 9, 1999 and on September 9, 1999.
5. Staff has compiled the results of the surveys, prepared and sent follow-up letters and filed this information with the Commission.

834

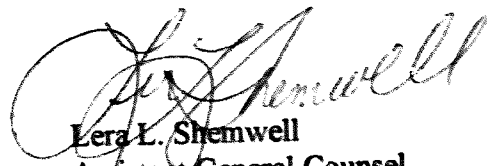

6. Several Staff members, including Gordon Persinger, Wess Henderson, Bill Washburn, and Lisa Kremer, will be at the State Emergency Management Agency (SEMA) the night of December 31, 1999, and the morning of January 1, 2000, along with other members of the Governor's Y2K Advisory Council. Staff has asked eighteen (18) major utilities to call SEMA to report on their operations, and whether they are experiencing any service disruptions, Y2K related or not. Other utilities have been asked to call only if they experience any service problems or outages. Sample letters sent to the utilities are attached to this filing.

7. The attached spread sheet updates include information from utilities that has continued to come to the Commission in response to the original order and Staff's follow-up letters. The Commission is still receiving survey and letter responses and Staff will continue to record incoming responses. A small number of filings and letters were designated as proprietary by some companies and summaries of those filings have been designated "highly confidential."

WHEREFORE Staff requests that the Commission accept this letter and the updated spreadsheet reports for filing.

Respectfully submitted,

DANA K. JOYCE
General Counsel

Dear «Title» «LastName»:

As you are aware, the year 2000 computer challenge has focused increased attention on both utility companies and utility commissions over the past year. The year is drawing to a close and many preparations have been made statewide to ensure that no Y2K-related utility service disruptions occur.

During the past year, the Missouri Public Service Commission has been working with the Governor's Y2K Advisory Council that is coordinated by Mike Benzen, the Governor's Chief Information Officer. The Missouri Public Service Commission and other members of the council will have representatives present at the State Emergency Management Agency (SEMA) headquarters during the evening of December 31, 1999, and the early morning of January 1, 2000.

In order to be able to effectively respond to requests regarding the continuation of various utility services, we request that your utility phone the Missouri Public Service Commission at SEMA the morning of January 1, 2000, between the time of 12:30 a.m. and 2:00 a.m. to verify that your utility is experiencing no major service disruptions. The number you are requested to call is: **573-526-9163**. You may also e-mail us that evening with the status of your utility's system at the following address: **pscinfo@mail.state.mo.us**

The Missouri Commission is requesting 18 companies to call SEMA that evening. If your utility should receive a busy signal on the first try, please call the number again. Representatives from the Missouri PSC who will be present that evening and morning include:

Gordon Persinger
Wess Henderson
Bill Washburn
Lisa Kremer

Executive Director
Director, Utility Operations
Manager, Electric Department
Utility Management Analyst

Y2K Coordinator
December 2, 1999
Page 2

The Missouri Public Service Commission has appreciated the cooperation of your utility during the period preparations for Y2K have been made. If you have any questions, please contact any of the four people listed above and they would be glad to provide assistance. Please verify that you have received this request by contacting Lisa Kremer at 573-751-7441.

Sincerely,

Gordon Persinger
