DEPARTMENT

Dear Mr. Roberts:

We have just been informed Mo Public Service Commission is proposing a \$400 fee to be assessed to a manufacturer and dealer simply because a home owner request. We think this additional tax on the industry is totally unfair and perhaps the fee should be assessed to the person making the request for the inspector this would deter unreasonable and frivolous complaints reducing your work load and the real legitimate complaints could still be recognized under current budget. We hope this idea will be totally rejected by all concerned.

Very truly yours,
