**AMENDED APPLICATION TO INTERVENE BY MISSOURI-ACORN**

COMES NOW the Missouri Association of Community Organizations for Reform Now ("MO-ACORN"), by and through counsel, pursuant to Public Service Commission ("Commission") Rule 4 CSR 240-2.075, and respectfully applies for intervention as a party in this general rate case initiated by Union Electric Company d/b/a AmerenUE ("AmerenUE") when it filed new proposed tariff sheets on July 24, 2009, requesting an additional rate increase of approximately \$401 million annually as well as a 1.67% interim rate increase.

In support of this application, MO-ACORN states as follows:

1. MO-ACORN is the Missouri Chapter of ACORN. ACORN is a non-governmental, nonpartisan, nonprofit membership organization of low- and moderate-income families working together for social justice and stronger communities. ACORN is a not-for-profit corporation organized under the laws of the State of Arkansas.
2. More than 30,000 MO-ACORN members receive electrical service from AmerenUE.
3. MO-ACORN's main office is located within AmerenUE's Missouri electric service territory at 4304 Manchester Road, St. Louis, Missouri 63110.
4. Correspondence, communications, orders and the decision in this matter should be addressed to:

5. On July 27, 2009, this Commission issued an Order directing interested parties wishing to intervene to do so by August 17, 2009. The original of this Application was filed prior to that deadline.
6. MO-ACORN's membership of low- and moderate-income families represents a separate demographic from the general public interest and creates a unique perspective and interest in the proposed rates, terms and conditions of service for AmerenUE's impact on low- and moderate-income families and their communities.
7. MO-ACORN is opposed to any unjust and unreasonable revenue requirement or discriminatory rate design for AmerenUE's residential electric customers.
8. MO-ACORN is opposed to AmerenUE's request for an interim rate increase in this case.
9. After further investigation, MO-ACORN will provide the Commission with a more detailed position on AmerenUE proposals and testimony submitted in this case.
10. MO-ACORN believes that its intervention and participation in this proceeding would serve the public interest and wishes to become a party to this case for all purposes.

WHEREFORE, the MO-ACORN respectfully requests that the Commission grant its Application to Intervene, entitling it to fully participate in this proceeding.
