

**BEFORE THE PUBLIC SERVICE COMMISSION  
OF THE STATE OF MISSOURI**

In the Matter of an Incident at                    )  
St. Joseph Light & Power Company's        )  
Lake Road Power Plant on                    )  
June 7, 2000                                    )        Case No. ES-2001-28

**NOTICE**

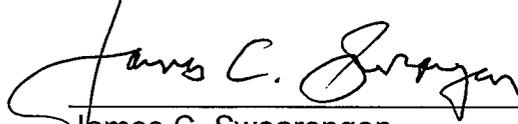

COMES NOW Aquila, Inc. ("Aquila"), by counsel, and for its Notice states as follows to the Missouri Public Service Commission ("Commission"):

1. By its Order issued in the captioned-matter on March 1, 2001, the Commission ordered UtiliCorp United Inc., now Aquila, Inc., to undertake certain activities. Aquila has fully complied with that Order.

2. In addition and in connection with the subject matter of this case, pursuant to an agreement with the Commission Staff ("Staff") Aquila has provided to the Staff, on an annual basis, certain written information in the form of a report regarding the review of all critical control systems used at each of Aquila's power plants. This report has customarily been submitted to the Commission's Electric Department, Engineering Section, in March of each year. Because of a health issue involving one of Aquila's key Lake Road Power Plant employees, however, the 2005 report will not be available until June 2005.

3. A representative of Aquila has discussed these circumstances with a representative of the Commission's Electrical Department, Engineering Section, and Aquila understands that the timing of the submission of the 2005 report is acceptable. Accordingly, Aquila is filing this Notice in this docket simply to document the circumstances surrounding this matter and the reason for the timing of the submission of the subject 2005 report.

Respectfully submitted,

James C. Swearengen MBE#21510
