AN ALL MODERN CITY . . . A GOOD PLACE TO LIVE

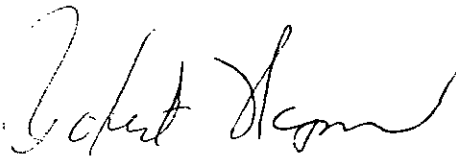

December 11, 1997

Missouri Public Service Commission

The City of Alba, Missouri wishes to be recorded as opposing the elimination of the Community Optional Service.

This service, as it has been offered to the residents of Alba, has made telephone service affordable. Without the service, on line computer service, ties to our school district and business places in Joplin and Webb City are beyond the average citizen's affordability.

Please take the necessary steps to disallow the elimination of the Community Optional Service which is presently offered.

My name is Donna Reynolds, 3026 Miller Ave. St. Joseph, Mo. 64506 phone # 816 233-7969.

My parents live in Savannah, Missouri they have the \$16.25 base rate at this time. It is a load off my mind to be able to call them anytime and for them to call me and their doctor anytime being in their 80's and 90's and growing up with nothing I know they wouldn't be calling doctor or me to let me know things are going ok as they wouldn't want to spend the money.

I would like to see this stay the way it is now.

We live in Savannah, Missouri and have the \$16.25 base rate at this time. It is a load off my mind to be able to call my daughter anytime and for her to call me and my doctor anytime being in our 80's and 90's it is nice to not have to worry about how much it cost to call St. Joseph as we live on a limited income.

Please do what you can to keep it as is.
