NOTICE OF DEFICIENCIES

The Missouri Public Service Commission (Commission) ordered Group Long Distance, Inc. (GLD) to file an amended application by no later than November 7, 1997, to correct deficiencies in its September 10 application for a certificate of service authority. On October 20, GLD filed an amended, but unverified, application. The amended application incorrectly stated that the following items were attached: a certificate of authorization from the Missouri Secretary of State to do business in Missouri, information about the technical and managerial abilities of GLD's key personnel, and financial information. The amended application also failed to include a list of exchanges in which the company seeks to do business. Group Long Distance is hereby notified that its application will not be processed unless and until it is further amended to address the defects mentioned above by the November 7, 1997, deadline previously established by the Commission.
