HB 360 and which is referred to therein as customer owned coin telephone telecommunications service, but will herein be referred to as private pay telephone service, and requests certificate of service authority to install, operate, control, manage and maintain private pay telephone(s).
3. Applicant requests that this certificate of service authority be made applicable to additional locations which may be served by the Applicant in the future.
4. As a provider of private pay telephone service, I agree that my private pay telephone equipment (hereafter "equipment") shall have the following operational characteristics and I agree to abide by the following terms:
 - a. Users of the equipment shall be able to reach the operator without charge and without the use of a coin.
 - b. Any intrastate operator services provider employed shall hold a certificate of service authority from this Commission, and shall have on file with the Commission approved tariffs for the provision of operator services to traffic aggregators.
 - c. Users of the equipment shall be able to reach local 911 emergency service, where available, without charge and without using a coin or, if 911 is unavailable, there shall be a prominent display on each instrument of the required procedure to reach local emergency service without charge and without using a coin.

7. I understand that providing pay telephone service without a certificate of service authority or in violation of the terms and conditions prescribed for the provision of such service may subject me to penalties as provided for by law.
8. I agree to provide a complete list of served locations if this information is requested by the Commission Staff.

9. I further agree to notify the Commission, in writing, if I cease to provide private pay telephone service in the State of Missouri or if my address or phone number changes at my principal place of business.
