FIRST AMENDED APPLICATION

Siesta Telecom, Inc., ("Applicant"), a Florida Corporation,  
files this First Amended Application, and Applicant states the  
following:

1. Applicant filed an Application with the Missouri Public  
Service Commission on April 17, 2000 in the above captioned case.
2. On May 1, 2000, Commission staff requested certain changes to  
Applicant's Application.
3. In response to the Commission staff request, Applicant hereby  
amends its Application as follows:

Applicant hereby adds the following to its Application:

"Grant of this Application will further the public interest by expanding the availability of competitive telecommunications services in the State of Missouri. In addition, intrastate offering of these services is in the public interest because the services will provide Missouri customers with access to new technologies and service choices, and can permit customers to achieve increased efficiencies and cost savings. In particular, the public will benefit directly, through the use of the competitive services to be offered by Applicant, and indirectly, because the presence of Applicant in this market will increase the incentives for other telecommunications providers to operate more efficiently, offer more innovative services, reduce their prices, and improve their quality of service.

4. Attached hereto are revised tariff sheets 2 and 5.

WHEREFORE, Applicant, Siesta Telecom, Inc., respectfully requests that the Missouri Public Service Commission grant it a certificate of service authority to provide interexchange telecommunications services within the State of Missouri, and Applicant also requests classification as a competitive telecommunications company and that its services be classified as competitive, as set forth in its Application as amended herein.

Respectfully submitted,

TARIFF FORMAT

A. Sheet Numbering: Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between pages 11 and 12 would be page 11.1.

B. Sheet Revision Numbers: Revision numbers also appear in the upper right corner of each sheet where applicable. These numbers are used to indicate the most current page version on file with the Commission. For example, 4th Revised Sheet 13 cancels 3rd Revised Sheet 13.

C. Paragraph Numbering Sequence: There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:

- 2.
- 2.1
- 2.1.1
- 2.1.1.A
- 2.1.1.A.1
- 2.1.1.A.1.(a)
- 2.1.1.A.1.(a).I
- 2.1.1.A.1.(a).I.(i)
- 2.1.1.A.1.(a).I.(i).(1)
