Service Authority to Provide Intrastate) Case No. TA-99-350
Interexchange and Local Telecommunications) Tariff No. 9900594
Service to the Public Within the State of)
Missouri and for Competitive Classification.)

NOTICE OF DEFICIENCY

On February 16, 1999, WorkNet Communications Inc. (WorkNet) filed its application for a certificate of service authority to provide intrastate interexchange and local telecommunications services to the public. With its application, WorkNet filed a proposed tariff, with an effective date of March 29, 1999. Regulation 4 CSR 240-2.060(4)(H), requires that the proposed tariff set an effective date forty-five (45) days from the date of filing. March 29 is the forty-first day following February 6, the date of filing in this instance.

The cited regulation also requires, at (G), that an application for basic local exchange authority indicate the exchange or exchanges within which applicant will offer such service. WorkNet's application, which appears to seek basic local exchange authority, nowhere indicates the exchanges in which WorkNet intends to offer basic local exchange telecommunications services.

IT IS THEREFORE ORDERED:

1. That WorkNet Communications Inc. shall, within ten (10) days of the effective date of this Notice, file substitute proposed tariff

sheets, showing an effective date on or later than April 2, 1999, the forty-fifth day following February 16, 1999.

2. That WorkNet Communications Inc. shall, within ten (10) days of the effective date of this Notice, supplement its Application and indicate the exchange or exchanges in which it proposes to offer basic local exchange telecommunications services.

3. That this order shall become effective on March 3, 1999.
