Exchange and Intrastate Interexchange Tele-)
communications Services in the State of)
State.)

ORDER GRANTING THIRD EXTENSION
OF TIME TO FILE STIPULATION AND AGREEMENT

On April 28, 2000, OnFiber Carrier Services, Inc. (OnFiber), filed an application for authority to provide and/or resell basic local, local exchange and interexchange telecommunications services. OnFiber filed a Motion for Extension of Time to File Stipulation and Agreement on July 10, 2000. On July 28, 2000, the Commission granted OnFiber's Motion for Extension and extended the Stipulation and Agreement due date to August 10, 2000. On August 10, 2000, OnFiber filed a Motion for Second Extension of Time to File Stipulation and Agreement. In its Motion, OnFiber asserted that the Stipulation and Agreement had been distributed to the parties in draft form, but that OnFiber required additional time. The Commission granted the request and extended the deadline to file the Stipulation and Agreement to September 10, 2000.

On September 7, 2000, OnFiber filed a Motion for Extension of Time to File Stipulation and Agreement, requesting that the Commission again grant additional time to finalize and file the Stipulation and Agreement. OnFiber requests until September 29, 2000, to file the Stipulation and Agreement. OnFiber indicates that the Stipulation has been distributed to the parties in draft form and the parties have been diligently working to

reach agreement. However, the parties have not had sufficient time to come to a final agreement on the stipulation.

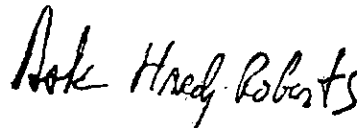

The Commission has reviewed the September 7, 2000, motion for an extension until September 29, 2000, to file the Stipulation and Agreement and finds that the request should be granted.

IT IS THEREFORE ORDERED:

1. That the Motion for Extension of Time to File Stipulation and Agreement, filed on September 7, 2000, is granted. OnFiber Carrier Services, Inc., shall have until September 29, 2000, to file the Stipulation and Agreement.

2. That this order shall become effective on September 26, 2000.
