II. Allegations of Fact

5. XO presents to this Commission for approval the Amendment to its Agreements with SBC-Missouri, attached hereto as Exhibit 1, negotiated and executed pursuant to the terms of the Federal Act. All issues have been successfully negotiated and agreed upon. No arbitration of any issue is required. Both parties have signed the Amendment.

6. Except as modified by the Amendment, all other terms and conditions of the Agreements between the parties shall remain unchanged and in full force and effect.

7. XO seeks the Commission's approval of the Amendment to its Agreements with SBC-Missouri consistent with the provisions of the Federal Act and Missouri law. XO believes that the implementation of the Amendment complies fully with § 252(e) of the Federal Act because the Amendment is non-discriminatory and consistent with the public interest, convenience and necessity. The Amendment will promote diversity in providers, provide for interconnectivity between the parties, and will lead to increased customer choices for telecommunications services.

8. XO respectfully requests that the Commission grant approval of the Amendment without change, suspension, or other delay in implementation. This is a bilateral Amendment, entered into as a result of negotiations and compromise between competitors, and XO believes that procedures for review of the Amendment should be designed to permit expeditious implementation thereof, and that interventions should be strictly limited consistent with the scope of review specified by the Federal Act and the Commission's applicable rules.

9. The applicable standard of review is set forth in § 252(e) of the Federal Act and provides as follows:

(e) APPROVAL BY STATE COMMISSION –

- (1) APPROVAL REQUIRED – Any interconnection agreement adopted by negotiation or arbitration shall be submitted for approval to the State commission. A State commission to which an agreement is submitted to shall approve or reject the agreement, with written findings as to any deficiencies.
- (2) GROUNDS FOR REJECTION – The State commission may only reject –
 - (A) an agreement (or any portion thereof) adopted by negotiation under subsection (a) if it finds that –
 - (i) the agreement (or portion thereof) discriminates against a telecommunications carrier not a party to the agreement; or
 - (ii) the implementation of such agreement or portion is not consistent with the public interest, convenience and necessity.

10. XO does not have any pending actions or unsatisfied final judgments or decisions against it from any state or federal agency or court which involve customer service or customer rates, which action, judgment or decision has occurred within three years of the date of this Application.

11. XO does not have any overdue annual reports or assessment fees.

IV. Relief Sought

WHEREFORE, XO respectfully requests that the Commission approve the Amendment to the Interconnection Agreements between XO and SBC-Missouri and grant additional relief as the Commission deems proper and reasonable.
