## ORDER GRANTING THE APPLICATIONS TO INTERVENE OF RENEW MISSOURI, BRIGHTERGY, AND UNITED FOR MISSOURI

Issue Date: December 18, 2015

Effective Date: December 18, 2015

On November 12, 2015, KCP&L Greater Missouri Operations Company (GMO) filed an application for a Certificate of Convenience and Necessity to construct and operate solar generation facilities in Jackson County, Missouri. The Commission issued notice of that application and directed interested parties to apply to intervene by December 7. United for Missouri, Inc. applied to intervene on December 4. Brightergy, LLC applied to intervene on December 7, as did Earth Island Institute d/b/a Renew Missouri. More than 10 days have passed since those applications to intervene were filed and no party has opposed those applications.

Commission rule 4 CSR 240-2.075(3) provides that the Commission may grant intervention if the proposed intervenor has an interest in the case that is different from that of the general public, and that may be adversely affected by a final order arising from the case. Alternatively, the Commission may grant intervention if “granting the proposed intervention would serve the public interest”.

The Commission finds that United for Missouri, Brightergy, and Renew Missouri each as an interest that differs from that of the general public and that allowing them to intervene will serve the public interest. Accordingly, the Commission will grant the applications to intervene.

**THE COMMISSION ORDERS THAT:**

1. United for Missouri, Inc's Application to Intervene is granted.
2. Brightergy, LLC's Application to Intervene is granted.
3. Earth Island Institute d/b/a Renew Missouri's Application to Intervene is granted.
4. This order shall be effective when issued.
